I'm In Transition (IIT)

- I'm In Transition (IIT) provides a drug-free recovery residence setting and redirection housing program where clients are provided with a multitude of resources to sustain their recovery. The ADAMHS Board provides funding for the following initiative:

  □ Recovery Housing

- In CY17 the agency was a recipient of a Recovery House Initiative contract by the ADAMHS Board of Cuyahoga County.

- ITT has multiple recovery residences on Cleveland's east side and is constantly expanding and has plans to add an additional four bedroom house in CY17.

- IIT serves both men and women and can currently accommodate up to 22 residents.

- The agency's recovery residences meet the standards for the National Association of Recovery Residences (NARR) and Ohio Recovery Housing (ORH) as level 2 recovery residences.

- IIT assists their residents with transitioning and integrating into the community through recovery housing that ensures continuity of care beyond traditional treatment.

- The average length of stay at IIT is 180 days.

New Program:

- ITT will serve an additional 17 individuals and help to improve the quality of life for opioid dependent persons by providing a safe and supportive environment that will include transitional services.

- For CY18, I'm in Transition will have a total of 53 beds and will serve up to 233 individuals in their recovery housing units.

- ADAMHS Board funding supports the operating expenditures of this initiative, which began November 1, 2017, and will continue in CY18.
The agency provides 16 Sober Beds -- 5 for women and 11 for men. In 2016:

- 37 persons (88%) came to the program after completing 30 days or more of treatment;
- 35 (98%) successfully completed IOP and aftercare or PHP;
- Large percentage of clients show improvement in mental health and reasoning/coping skills by the end of their 6-month stay;
- 36 of clients demonstrated reduction in substance use;
- 100% of clients attend 2-5 AA/NA meetings per week;
- 70% of the clients follow their personalized strategic recovery plan;
- 95% of the clients are in school, working or seeking work; and
- 8 (19%) of clients received stable housing.

- The Agency's preliminary 6-month report for 2017 indicates they will reach their major goals.

## Inner Healing Ministries (IHM)

- Inner Healing Ministries' (IHM) Student Training Outreach Program (STOP) is one of five contract providers that participates in the ADAMHS Board's Faith-Based Outreach Initiative Program. IHM's goal is to increase protective factors of youth, young adults, and their families, as their belief supports that spirituality is an integral part of the recovery process. This fully supports the mission of the ADAMHS Board’s Faith-Based Outreach Initiative Program. The ADAMHS Board’s funding supports the following initiative:

<table>
<thead>
<tr>
<th>□ Faith Based Prevention Programming</th>
</tr>
</thead>
</table>

- The STOP program initially began as a 14-month pilot, October 2015 to December 2016. The ADAMHS Board of Directors approved its continuance for funding in 2017.

- The mission of the STOP Program is to:
  - Integrate faith into treatment and intervention/prevention services.
  - Provide alcohol and other drug intervention/prevention services to youth and their families.
  - Increase awareness and understanding of mental health/addiction in the faith-based community.

- South Euclid Court is an integral partner in the success of STOP’s outcomes as they increased the enrollment as a result of their First Time-Church Assistance Program.

- In CY16 & 17, IMH increased the protective factors of youth, young adults as well as their families, while working with Kingdom Developers Consulting Incorporated’s Behavioral Health/Preventions Consulting Firm.

- IMH provides educational forums/training for church leaders and peer leaders on various issues specific to mental health and substance abuse, which develops skills to enhance interviewing skills, effective listening, supportive counseling and if indicated referrals to further enhance progress.

- Alternative recreational activities continue to provide support to youth and young adults to resist the pressures of drinking, drugs and criminal activities.
## Inner Healing Ministries (IHM)

- Program Highlights for funding continuance:
  - IHM participation increased due to the result of *South Euclid Court First Time Offender Program* participants. As a result a number of participants completed the 10-12 week program.
  - As of September 2017, Inner Healing Ministries STOP Program recruited 108 youth/young adults/families to the program.
  - Participates have experienced meaningful/lasting changes due to spirituality, faith and hope in God as an integral part of this program.
  - Contracted with Radio One for a brief weekly broadcast on WERE 1490AM which increased their enrollment.
  - Collaborated with *Ministry of Reconciliation* and took part in the *Stop the Violence* campaign and the *Adopt-a-School* programs
  - The City of South Euclid partnered with IHM to oversee their summer meal program for children and teens that also participated in the prevention program. Meals were sponsored by the Cleveland Food Bank.

- Individuals admitted that their behaviors: alcoholism, drug use, theft, promiscuity, fighting and disregard for the law are almost impossible to defeat without spiritual help.
Inner Healing Ministries provides prevention services to increase the protective factors of youth, young adults and their families by while working with Kingdom Developers Consulting Inc. - Behavioral Health/Preventions Consulting Firm.

**Student Training Outreach Programs (S.T.O.P.) Church Assistance Program**

- Educational forums/training for church leaders and peer leaders are held on various issues specific to mental health and substance abuse and developing skills to enhance interviewing skills, effective listening, supportive counseling and making referrals.
- Prevention services include referrals for MH/AOD treatment.
- Recreational activities include programs sponsored for youth and young adults to discourage drinking, drugs and criminal activities. Activities include a youth co-moderated radio program at a religious owned radio station.
- Proposing to serve up to 400 young adults/families.

**For the 108 individuals served so far:**

**STOP Adults**

- 27% acknowledge the importance of faith/spirituality (first time)
- 119% acknowledge the importance of faith/spirituality (subsequent time(s))
- 38% demonstrate increased knowledge/understanding of the connection between spirituality and recovery (first time)
- 205% demonstrate increased knowledge/understanding of the connection between spirituality and recovery (subsequent time(s))

**STOP Young Adults**

- 7% acknowledge the importance of faith/spirituality in recovery (first time)
- 34% demonstrate positive self-identity (first time)
- 34% demonstrate social competencies (first time)
- 34% demonstrate effective decision making skills (first time)
- 34% completed training

Jewish Family Services Association (JFSA)

- Ascentia is Jewish Family Services' (JFSA) division designated to serve people with mental health and cognitive disorders and provides evidence-based, recovery oriented therapeutic and supportive living services. ADAMHS Board funding supports the following initiatives:
  - **Mental Health Treatment Services**
  - **Supportive Employment Services (SEP)**
  - **Peer Recovery Services**

- The agency provides mental health assessment, community support treatment services, pharmacologic management and behavioral health counseling, residential treatment and art therapy services.

- The Employment Service Program (ESP) of JFSA offers employment and vocational rehabilitation services to assist persons with disabilities in obtaining competitive community employment.

- The program is a synthesis of the Supported Employment model and Opportunities for Ohioans with Disabilities (OOD) Case Services Contract forming a continuum of employment services.

- In CY16, JFSA had 55 individuals as part of their SEP and placed 22 of the 55 individuals into permanent positions.

- In CY17, JFSA had 91 individuals as part of their SEP and placed 27 of the 91 individuals into permanent positions.

- University House is a unique treatment living environment designed to meet the needs of four men who are deaf, mentally ill, and have developmental disabilities. The majority of the Staff at University House are deaf and are intimately familiar with the deaf culture.
JFSA provides MH assessment, pharm management, CPST, Psychiatric Diagnostic Interview, BH counseling and therapy, Supported Employment and residential care.

The agency uses Ohio Scales and presents an excellent, comprehensive outcomes report.

Clients report an improved quality of life and moderate reduction in behavioral health symptoms.

Among clients choosing to engage with Supported Employment, 51% were hired in competitive jobs; 97% of those made above minimum wage and 74% remained in their job for at least 90 days; all agency goals for SE were exceeded.

The Agency's preliminary 6-month report for 2017 indicates they will reach or exceed their major goals.

Links Cleveland

- Links Cleveland is a consumer operated program that provides the opportunity for social, recreational, educational and personal growth experiences to the “club members”. ADAMHS Board funding supports the following initiative:
  - **Host and Hostesses Program**

- ADAMHS Board funding supports club members for social activities and peer connectedness three (3) times per week. ADAMHS Board funding also supports the LINKS’ Host and Hostess Program who serve as peer mentors.

- In CY17, 10 Peer Host and Hostesses were employed by Links Cleveland to engage members into various activities and to assist in meal preparation and serving.

- The program, also receives funding support from the St. Augustine Church and in-kind support from Catholic Charities Disability Services and Office of Disability Ministry.
The mission of Links Cleveland is to provide clients (club members) with the opportunity for social, recreational, educational, and personal growth experiences.

Links uses ADAMHSCC funding to provide a stipend to 10 clients to act as hosts to operate a drop in program.

During 2016, 78 clients visited the drop in center; 95% of participants report being satisfied with services.

The Agency's preliminary 6-month report for 2017 indicates they will reach their major goals.

## Life Exchange Center (LEC)

- The Life Exchange Center (LEC) is a peer-oriented, member-driven drop in center that offers peer support services and other recovery-oriented services to persons with a mental illness and/or addiction in Cuyahoga County. The ADAMHS Board funding supports the following initiatives:
  - Consumer Operated Service
  - Peer Recovery Services
  - Art Therapy
  - Transitional Youth Housing via Peer Recovery Services

- LEC states that the goal of the center is to provide supportive programing that assists members in sustaining the highest quality of life while in recovery.

- The unique demographics of LEC consist of Asian, Caucasian and Latino members. The majority of the members are African American, 80% male and 20% females.

- The LEC’s average daily census is more than 60 members with an average of 201 unduplicated members served per quarter.

- In CY16, more than 400 individuals were enrolled to become members of LEC’s programming.

- In CY17, the LEC’s goal is to increase membership to 125 targeted and unduplicated members to participate in a daily curriculum that includes reading, math, English and basic life skills training, computer classes, art therapy, social and recreational activities each month.

- In addition, for CY17, the LEC continued to explore expanding their hours of operations to include Saturday mornings and open on two (2) evenings per week which will also aid in the center’s goal of increasing their daily census to 75 members. Thus far in CY17, 284 individuals have become members of the LEC.

- The LEC provides peer recovery services for the Transitional Youth Housing Program (TYHP), which serves young adults with behavioral health challenges aged 18 to 25.

- The program provides up to 12 months of housing while assisting residents in developing independent living skills, employment skills, and pro-social skills to be successfully independent, and aids young adults in learning how to manage behavioral health symptoms with the ultimate goal of sustained permanent housing.

- In CY17, ADAMHS Board’s funding supports housing and peer recovery services for approximately five (5) young adults.
Life Exchange Center provides peer-supported services, including group activities, offsite outings and meals on site.

The agency primarily reports outputs. The agency serves an average of 61 unduplicated clients each month, with attendance contingent upon weather.

In 2016, only 7 participants report being hospitalized; the 2014 total was 10 hospitalizations.

The agency provided support for five Transitional Youth in the Housing Pilot program. Three of the Youth successfully completed the program.

The Agency's preliminary 6-month report for 2017 indicates they will reach their major goals.

Life Recovery Ministries (LRM), Inc.  
Spiritual Recovery & Wellness Program

- Life Recovery Ministries (LRM) is one of the five contract providers that participates in the ADAMHS Board's Faith-Based Outreach Initiative Program.

- LRM's goal is to increase protective factors of youth, young adults, and their families, as their belief supports that spirituality is an integral part of the recovery process. This fully supports the mission of the ADAMHS Board's Faith-Based Outreach Initiative Program. ADAMHS Board funding supports the following initiative:

  □ Faith Based Prevention Programming

- LRM began as a 14-month pilot, October 2015 to December 2016. The ADAMHS Board of Directors approved its continuance funding for 2017.

- The program's mission is to:
  - Integrate faith into treatment and intervention/prevention services.
  - Provide alcohol and other drug intervention/prevention services to youth and their families.
  - Increase the awareness and understanding of mental health/addiction in the faith community.

- LRM's Program Highlights for funding continuance:

  o Educated and increased awareness/understanding of mental health/addiction in the faith-based community, incorporated spirituality into treatment and addressed societal stigma surrounding mental illness.

  o Held a monthly series of Mental Health First Aid sessions at Olivet Institutional Baptist Church Health Professional Ministry.

  o Provided outreach to expand Spiritual Recovery & Wellness programs which included the development of the Heart for Change Program at Front Steps and Housing Services.

  o Conducted a Let’s Talk...mental health session at the Minority Health Alliance Professional Education Conference, as well as throughout 2017 at Collinwood Neighborhood Catholic Ministries.

- As of September 2017, LRM has serviced 213 adults/youth in the Spiritual Recovery & Wellness Program.
Life Recovery Ministries provides prevention services to increase commitment in the faith community.

**Goals:**
- To educate and increase awareness/understanding of mental health/addiction in the faith-based community, incorporate spirituality into treatment and address societal stigma surrounding mental illness.
- Provides three services; Congregational Awareness Campaign, Chemical Dependency Counselor Assistant Training/Mental Health First Aid for Clergy and other lay Leaders, and Spiritual Recovery & Wellness Education/Outreach.
- Proposed to serve 500 Youth/Adults.

For the 213 individuals served during 2017 so far:

**Let's Talk Mental Health**
- 100% demonstrate a decrease in societal stigma Mental Health (first time)
- 100% demonstrate knowledge of chemical dependency/addiction (first time)
- 100% demonstrate knowledge of Mental Health (first time)
- 100% demonstrate knowledge of substance abuse (first time)
- 100% received information on, and increased understanding of, mental/behavioral health and dual diagnosis causes, signs, symptoms and treatment options (first time)

**Mental Health First Aid (MHFA)**
- 100% demonstrate a decrease in societal stigma Mental Health (first time)
- 100% received information on and increased understanding of mental/behavioral health and dual diagnosis causes, signs, symptoms and treatment options (first time)
- 91% Connected with the church or faith-based organization (subsequent time(s))
- 100% feel able to assist a person who may be dealing with a mental health problem or crisis to connect with community, peer, and personal supports (first time)

**Spiritual Recovery & Wellness Program**
- 78% acknowledge the importance of faith/spirituality (first time)
- 41% can discuss the importance of faith/spirituality when influenced by drugs/alcohol/crime (first time)
- 59% connected with faith community (first time)
- 38% engaged in the practice of religion in recovery (subsequent time(s))

### Living Miracles Peer Empowerment Center

- Living Miracles Peer Empowerment Center is a consumer operated program that promotes the mental health recovery process by offering hope and motivation through peer support and peer facilitated educational sessions, supportive services and recreational activities. ADAMHS Board funding supports the following initiative:

  - **Consumer Operated Service**

- In CY17, the Living Miracles served 385 clients with average daily attendance of 37.

- Trained peer support specialists visit patients at both the FrontLine Crisis Stabilization Unit and Northcoast Behavioral Healthcare’s In-Patient Psychiatric Unit.

- In CY17, The Living Miracles project to serve 385 clients through services provided at the Empowerment Center, plus an additional 1,200 clients through their Community Outreach Peer Mentoring and Support Program at Frontline Services’ Crisis Stabilization Unit, Algart Nursing Home and some EDEN owned housing programs.

- The Living Miracles will be relocating to a larger location at 2070 W. 117th Street in Lakewood by the end of 2017. The new location will also house Future Directions, a consumer operated drop-in center.
Living Miracles Peer Empowerment Center

Living Miracles provides Peer Facilitated Education and Support Programs, a Mentor Program, and an Outreach Program.

The agency provides comprehensive member outcomes via self-report.

Among participants,
- 92% report a decrease in negative effects of mental illness/symptom distress;
- 94% or more report increased social connectedness;
- 95% report improvements in quality of life;
- 92% report having hope; 89% report feeling in control of their future;
- And 92% stated they are learning methods to prevent an MH crisis and improve their recovery and wellness.

The Agency's preliminary 6-month report for 2017 indicates they will reach their major goals.

Lutheran Metropolitan Ministry (LMM)

- Lutheran Metropolitan Ministry (LMM) provides Behavioral Health Services, that empower individuals to overcome barriers, obtain job skills, gain employment, locate stable housing, access counseling and support services, secure second chances and become self-sufficient, productive members of our community. The ADAMHS Board funding supports the following initiatives:
  - Mental Health Treatment Services
  - Adult Guardianship Services (AGS)
  - Behavioral Health Prevention Programming
  - Women’s Reentry Program

- AGS serves more than 600 clients annually. Approximately 50% of all clients have a SMI (severely mentally ill) diagnosis, and almost all have some type of mental disorder.

- The current caseload is 590 clients, of which 100 are under contract from the ADAMHS Board. Some are diagnosed with co-occurring disorders. Most have multiple chronic conditions contributing to high acuity. Clients live throughout the County; the majority in Cleveland proper.

- In FY16/17 the LMM served 205 in the prevention program services. LMM is an ongoing participant in Crisis Intervention Team (CIT) training. The agency provides law enforcement officers with an overview of the AGS. Trends over the last year indicate the program is on pace to serve 680 - 700 individuals by year end. The caseload acuity continues to rise along with the number of clients served. In 2016, AGS anticipates providing 3,300 hours of guardianship decision making to 115 ADAMHS Board clients.

- For more than 20 years, LMM has provided prevention services for low-income youth, from 6-17 years of age, residing in public and transitional housing through the Young African-American Reclamation Project (YAARP), Jr. Program.

- The Women’s Reentry Program (WREN) provides gender specific Behavioral Health Services for women with any involvement in the criminal justice system. WREN provides trauma specific services for women incarcerated at the Northeast Reintegration Center (NERC) and returning to Cuyahoga County. Women with a minimum of four (4) months remaining on their sentence will be able to participate in the trauma specific group.

- In CY16, WREN served approximately 48 women and they are near meeting the same goal for CY17.
The ADAMHS Board funds LMM’s Adult Guardianship Services program, which provides Guardianship of person for adults with severe and persistent mental illness; includes initial intake process through appointment of guardianship; guardians manage all aspects of care for the life of the client. The agency provides a complete report of outputs and outcomes.

**Adult Guardianship Services program**

100 clients were served. Goals include:
- an Individualized Guardianship Service Plan (GSP) is developed within 2 working days of court appointment;
- within 90 days after the guardianship is appointed, 90% of the goals outlined in the client’s GSP are implemented;
- 90% of ADAMHS clients remain in least restrictive setting;
- 35% of guardianship decision-making is focused on meeting physical and behavioral health needs; and 100% of ADAMHS clients receive at least monthly visits.
- With the exception of monthly visits, all goals have been met or exceeded.

Lutheran Family Services (LFS) also provides behavioral health services for youth and adults across LMM programs to ensure timely access to quality mental health services.

- 136 clients were referred for MH services
- 34% (46) received an assessment and individual services
- Of those 46:
  - 22% (10) were engaged in services as of December 2016
  - 71% (33) successfully completed treatment

**Prevention Services**

Lutheran Metropolitan Ministry operates two programs that serve both youth and adults, 205 and 72 respectively. The total number served was 277.

- **Women’s Re-Entry – Northeast Reintegration Center** served 72 enrolled participants. 65 additional people participated without enrolling in the program.
  - 85% attended all minimum of scheduled events
  - 82% satisfactorily completed significant amount of homework and/or assignments
  - 81% gained knowledge about domestic violence
  - 78% demonstrated positive coping skill
- **Young African American Reclamation Project, Jr. (YAARP, Jr.)** served 205 participants.
  - 93% signed pledge to refrain from ATOD use during program
  - 86% demonstrated drug refusal skills
  - 86% demonstrated positive communication skills
  - 86% identified drug free alternative activities
  - 86% identified harmful effects from substance abuse
  - 74% participated successfully in community service events
- The Agency’s preliminary 6-month report for 2017 indicates they will reach their major goals.

### Magnolia Clubhouse (The Clubhouse)

- Magnolia Clubhouse (The Clubhouse), a center of psychiatric rehabilitation for people living with mental illness, is part of an international evidence-based, best practice, recognized by the Substance Abuse and Mental Health Services Administration (SAMSHA). The clubhouse community supports employment, education, and health and wellness. Magnolia also offers integrated psychiatric and primary care services. ADAMHS Board funding supports the following initiatives:

  - Supported Employment
  - Integrated Health Services – Carriage House
  - Mental Health Treatment Services

- The Clubhouse provides supported employment (transitional and independent), supported education, advocacy, wellness and social recreational activities in the evenings, on weekends and holidays.

- In CY17, Magnolia Clubhouse average daily attendance was 75 members with an anticipated total to be served of 425 individuals. Last year, Magnolia Clubhouse had 74 people employed which surpasses the model employment benchmark by over 100%.

- In the Transitional Employment Program, which are part-time transition work positions with area employers developed by the Clubhouse and members that hold these jobs are employees of the company for nine to 12 months.

- For the first half of 2017, there were 23 members working in transitional employment positions as it is anticipated that in CY17, 35 members will be engaged in the program.

- Magnolia Clubhouse Carriage House Clinic contracts with University Hospitals for psychiatric services and nursing support. Behavioral Healthcare Services are provided four (4) hours a week, while primary cares services are provided on site, by Northeast Chio Neighborhood Health Services, four (4) hours a month. The agency also reports that 14% of the members have diabetes, 25% report high blood pressure, 9% shared that they have been diagnosed with heart disease, and 16% report a respiratory problem.

- Magnolia Clubhouse anticipates an increase in the number of members served to be more than 90 as projected for CY18 as Indicated by CY16/17.
The agency provides a thorough report of outcomes and outputs. Magnolia Clubhouse provides Psychiatric Rehabilitation which includes supported employment, education, and housing, the promotion of health and wellness, advocacy and community education. The agency also operates Carriage House Clinic providing pharmacological management and mental health assessment and collaborates with an FQHC to provide integrated primary care.

Average daily attendance at Magnolia in 2016 was 77.

The employment benchmark requires that the number of people in employment is equal to or greater than 50% of the average daily attendance, or 39. Magnolia exceeded the benchmark: 85 people were employed.

The agency organizes a health and wellness group, with a core group of 8-10 members.

The clinic has assisted numerous members in managing both acute and chronic medical conditions, thus avoiding interventions that are more intensive.

The agency staff and members are highly active in advocacy locally and statewide.

The Agency's preliminary 3-month report for 2017 indicates they will reach or exceed their major goals.

May Dugan Center

- May Dugan Center (MDC) is certified to provide Mental Health Services to adults, adolescents and children. Mental Health Counseling, Case Management, Prevention Services and Wrap-Around Services are provided as well as trauma informed services. Target populations are low-income individuals in need of Counseling or Community Psychiatric Support Treatment and the Lesbian, Gay, Bi-sexual and Transgendered (LGBT) Community in need of the identified service listed above. The ADAMHS Board funding supports the following initiative:

  □ Mental Health Prevention Services

- For the LGBT community, May Dugan Center provides prevention services through school-based and community-based prevention groups for adults and youth.
- For 2016/2017 school year, May Dugan Center served 446 individuals in the community and schools.
The agency provides a complete outcomes report with measurable results. May Dugan provides BH Counseling and Therapy (Group & Individual); MH Assessment; CPST; Prevention Services. The agency uses a modified version of the Ohio Outcome Measurement.

25 of the clients served by the agency were funded by ADAMHS.

Client data shows improved symptom management over time. Clients reported decreases in intrusive thoughts and avoidance of places and people, and increases in their abilities to stay in control when having disturbing thoughts, and increases in supportive relationships. Likewise, clients reported increase housing stability and reductions in hospitalization.

The Agency's preliminary 6-month report for 2017 indicates they will reach their major goals.

MetroHealth System

- MetroHealth System was funded by two (2) regional foundations to develop and pilot a program to deal with the complex medical and mental health issues of people with Severe and Persistent Mental Illness (SPMI) who are being released from Cuyahoga County jail into the community. MetroHealth’s task was to identify clients at the jail, to connect them with the MetroHealth System and a community behavioral health agency partner to provide assessments and mental health care, substance abuse treatment and case management. The ADAMHS Board funding supports the following initiative:

  - **Mental Health Treatment Services**

- ADAMHS Board funding supports the functions related to pre-release coordination and screening, once clients have been released from jail.

- In CY17, the program has enrolled 128 clients, of whom 70 are fully engaged in a wide range of treatment, coordination and linkage.

- The project's goals for CY18 are to:
  - Provide integrated primary care, mental health care and substance abuse treatment to 100 clients with SPMI recently released to community.
  - Gather information on the complexity of care required and the characteristics of recently released SPMI clients. Document costs and savings to the corrections system and MetroHealth System and the ADAMHS Board of Cuyahoga County.
  - Demonstrate improved quality of life for clients through integrated care.

- To date MetroHealth has enrolled 118 clients.
The agency submitted outcomes data on a new project, Integrated Care for Jail Reentry, designed to improve the connection from jail to integrated care by reducing the number of persons with SPMI who are lost to follow up after they are released from jail but before they are formally assessed. This is accomplished by employing a fulltime LISW Coordinator in the jail to conduct assessments on site. In 2016,

120 clients were enrolled. All were assessed as having a serious to severe mental illness, and many have multiple diagnoses.

- 35% clients had a primary diagnosis of schizophrenia or schizoaffective disorder;
- 18.3% had a primary diagnosis of bipolar disorder with psychotic features;
- 22.5% had a primary diagnosis of major depression with psychotic features;
- 9.2% presented with PTSD; and
- 15% assessments in process.

At the close of 2016, all 120 enrollees were receiving intensive integrated care.

The Agency’s preliminary 6-month report for 2017 indicates they will reach their major goals.

Moore Counseling & Mediation Services (MCMS), Inc.

- Moore Counseling & Mediation Services (MCMS), Inc. is an organization which provides services in mental health treatment, Substance Use Disorder (SUD) Treatment Services, mediation, employee assistance programs and professional development. MCMS has been delivering services to the communities since 1999. It is their mission to provide the most comprehensive services to individuals with a goal to achieve a healthy and productive lifestyle. ADAMHS Board funding is for the following initiative:

  □ Recovery Housing

- MCMS' Recovery Housing is gender-specific for women and a trauma-informed treatment program for individuals diagnosed with a SUD, referred by the Cleveland Municipal Court's Human Trafficking Specialized Docket. The women may be homeless and/or involved in the criminal justice system.
- The program was developed to expand access to the recovery housing for women experiencing co-morbid conditions including trauma and mental health issues.
- The housing model is evidence-based treatment and Level II Recovery Housing defined by the National Association of Recovery Residences (NARR) Standards.
- In CY16, MCMS served approximately 50 women over the funding period.
- Thus far in CY17, MCMS has served 63 women in their recovery housing program.
The agency provides recovery housing and uses National Outcomes Measure to evaluate residents’ progress. In 2016:

1. 76% of participants were enrolled in sober support networks (target 70%);
2. 90% of participants completed a work or educational-related activity (target 65%);
3. 65% of participants met treatment goals (target 65%);
4. 65% of participants were abstinent from alcohol and other drugs (target 70%);
5. 76% of participants complied with recovery housing policies and procedures (target 75%).

The Agency’s preliminary 6-month report for 2017 indicates they will reach their major goals.

Murtis Taylor Human Services System (MTHSS)

- Murtis Taylor Human Services System (MTHSS) is a comprehensive behavioral health organization that also provides a variety of other services in the community to both children and adults. The ADAMHS Board funding supports the following initiatives:
  - Prison Outreach/Jail Liaison
  - Peer Recovery Services/St. Clair House
  - Mentally Disordered Offender Program
  - Representative Payee Services
  - Behavioral Health School Based Programming

- The agency has an array of criminal justice programs, e.g. Jail/Forensic Liaison and Suburban Jail Liaison that provide services to clients that have felony arrests as well as misdemeanor offenses. Murtis Taylor’s Prison Outreach provides intensive case management services to engage individuals incarcerated prior to release and provide behavioral health services to assist with their reintegration into the community.

- In CY17, between the two programs, 410 individuals will be served. To date, the two (2) programs average 113 clients per month.

- To date, the specialized team has engaged 118 individuals

- Through July 31 of CY17 the MTHHS’ residential program consisted of 3 residential care facilities that operate 24 hours, 7 days a week to provide a therapeutic environment for 61 individuals (bed capacity) with severe mental illness.

- From August to present CY17, MTHHS’ residential program consists of one (1) residential care facility that operates 24 hours a day, seven days a week to provide a therapeutic environment for 14 individuals (bed capacity) with severe mental illness.

- For CY17, St. Clair House provided peer support services to 14 males diagnosed with mental illness and substance use disorders and on probation. The average length of stay is six (6) months.

- Mental Health and Developmentally Disabled (MHDD) Program, more commonly known as the Mentally Disordered Offender Program (MDOP), will provide mental health services to clients referred from the County MHDD Probation Department who remain on active probation.

- In CY17, the MHDD program anticipates serving 80 individuals.
### Murtis Taylor Human Services System (MTHSS)

- Murtis Taylor also provides Representative Payee services to Social Security recipients who are unable to manage their funds to meet their daily living needs. Staff assists with monthly budgeting, bill paying, purchases, and saving. In CY17, Murtis Taylor served an average of 346 clients per month, and processes an average of 1,750 payments per month.

- Under the guidance of the ADAMHS Board Behavioral Health School Based Program, Murtis Taylor utilizes consultation through brief interventions that are short-term modeled from the Ohio Georgetown Model that is extended to students, teachers, school administration and more importantly parents and/or caregivers without the need to develop a formal treatment plan in effort to intervene.

- School Based services are provided in Cleveland Metropolitan Schools District and to Charter Schools. Grades K through 12th grade are targeted for consultation services. In the CY16/17 school year, Murtis Taylor served approximately 1,278 students.
Agency provides a thorough report of outputs and outcomes on all programs. MTHSS provides Pharm Management, MH assessment, counseling, CPST, and partial hospitalization.

The agency utilizes a modified Ohio Scales measures across its programs.

**Changes in Symptom Distress**
Clients receiving services between one and five years experienced a 9% decrease in Symptom Distress, between five and nine years 8% and between nine and nineteen years experienced a 7% decrease.

**Changes in Quality of Life**
Clients receiving services between one and five years experienced an increase in Quality of Life of 9%, between five and nine years an increase in Quality of Life of 9%, and between nine and nineteen years 8%.

**100% of clients discharged (21) had no readmissions to the hospital within 14-90 days of discharge in calendar year 2016, an improvement over 88% in CY 2015.**

**Post hospital Pharm management appointments** within 60 days of discharge fell to 86% in 2016, compared to 95% in 2015.

In 2016, 90% of clients receive a **CPST appointment within 60 days**; down from 95% in 2015.

MTHSS also operates Prison Outreach, Muni Court Liaison, and Suburban Jail Liaison programs along with AOD programming.

In the **Prison Outreach program** in 2016, only 13% of clients were arrested and sent to jail for 25 days or longer, largely unchanged from the 2015 rate of 14%.

Within the **Suburban Jail Liaison program**, 100% of clients were assessed for MH and AOD.

The **Muni Court Liaison program** assessed 281 clients, far exceeding the project 200 clients to be served in 2016.

Occupancy in the agency's various therapeutic communities remained constant, between 72-99% year round.

The Agency's preliminary 6-month report for 2017 indicates they will reach their major goals.
Performance measures are generated through the Devereux Student Strengths Assessment (DESSA). The DESSA is utilized to assess the social-emotional competence of children and adolescents grades K-8th. It utilized to measure individual and group interventions.

- Data submitted reflected that of the 63 children assessed, 0% completed a pre/post assessment. However, there is an indicator of the “need” of the students that received a pre-assessment.

- The following areas were measured (self-management, self-awareness, social awareness, relationship skills, goal directed behaviors, personal responsibility, decision making, and optimistic thinking) as reflected below:
