

PRESENTS

THE IMPACT OF INTEGRATED CARE

Managing Behavioral Health
Utilizing the Primary Care Model

Join Visiting Nurse Association of Ohio and topic experts for a robust discussion on the integration of primary and behavioral healthcare. By holistically managing one's care, health systems are lowering medical costs while promoting healthier patients and communities. Learn how integrating care can transform the healthcare system and positively impact our communities.

Wednesday, September 14, 2016

5:00 - 7:00 p.m.
