CY 2016 Program Highlights

Domestic Violence & Child Advocacy

- Domestic Violence & Child Advocacy Center (DVCAC) is the result of a merger between the Domestic Violence Center and Bellflower Center for Prevention of Child Abuse.
- Its mission is to end child abuse and domestic violence, empowering victims, educating the community, and advocating for justice
- DVCAC offers a wide variety of prevention and intervention services, including:
 - Emergency Shelter.
 - Community-based, professionally led Support Groups.
 - A 24 hour Crisis Helpline.
 - A Family Helpline.
 - Crisis Intervention/Safety Planning Assistance.
 - The Ujima Project (building capacity in the African American community to serve victims).
 - Latina Domestic Violence Outreach Project.
 - Community Education and Training.
 - Art Therapy.
 - Teen Dating Violence Program.
 - Parenting Groups Classes.
 - Individual and Group Therapy.
 - Supervised Visitation Services. More information is available at www.dvcac.org.
- DVCAC's confidential, 24-Hour Domestic Violence Helpline offers crisis intervention, support, safety planning, information and referrals to domestic violence victims, survivors, families, and professionals.
- Domestic Violence victims requiring immediate help access the safe shelter via this Helpline.
- The Helpline is available to all victims of domestic violence regardless of race, income, color, religion, gender, age, national origin, ancestry, sexual orientation, disability, income, or veteran status.
- DVCAC anticipates that the Helpline will receive 12,000 calls in CY 2016.

CY 2016 Program Highlights

Emerald Development & Economic Network, Inc. (EDEN)

- EDEN has been identified as the housing development agency charged to expand affordable housing opportunities for persons with disabilities.
- EDEN owns and operates over 300 individual units of permanent housing, as well as administers eight different rental subsidy and emergency funding programs.
- The ADAMHS Board contracts with EDEN to support four permanent housing programs: Residential Care Facilities (RCF), Housing Assistance Program (HAP), EDEN-Owned Housing and Property Management.
- EDEN projects that in CY16, HAP's 133 households/tenants will remain in their subsidized units on average seven years.
- EDEN Owned Housing is comprised of 43 properties with 209 units of independent housing, for which the ADAMHS Board is funding property management.
- EDEN also provides property management services for the seven properties owned by the ADAMHS Board: Crisis Stabilization Unit - CSU (15 beds), Season of Hope House, 3 RCFs (39 beds), one independent single family four bedroom home and the Young Adult Program (6 units).

PROVIDER AGENCY RFI OUTCOMES 2014-2015

EDEN

The agency provides a comprehensive outcomes report. EDEN provides property management, permanent housing subsidies, and the Housing Assistance Program. The vacancy rate is 93% consistent with 92% in 2014. The agency aims for 95%. The rent collection rate is currently 99%. Permanent housing options continue to expand. The agency reports no negative terminations from the HAP.

CY 2016 Program Highlights

Eldercare Services Institute (ESI)

- Eldercare Services Institute (ESI) provides an array of mental health services for individuals 55 years of age and older.
- In CY15, Eldercare Services' Mental Health program served 262 individuals with ADAMHS Board funding.
- All services, except for partial hospitalization, are provided in the client's identified home.
- In CY16, Eldercare Services' Mental Health program will serve 500 clients with ADAMHS Board funding.
- Eldercare serves as the "founder and co-leader" of the Hoarding Connection, which is a county wide Task Force designed to increase awareness and education both to professionals and the general public on Hoarding Disorders and its impact on the community.
- The Task Force is already at work planning a half-day seminar for April 2016, which will have a panel of judges and attorneys from key positions who will address the legal aspects of Hoarding Disorder and its impact on the Housing Court system.
- For CY16, it is anticipated the Agency will provide trainings, presentations and disseminate information on hoarding as a form of mental illness to over 1,000 individuals/participants.

ELDERCARE

Outcome documentation is adequate. Eldercare provides MH assessment and CPST. The agency reports serving 450 consumers annually. The agency measures: timely assessments, i.e., call within 2 working days; assess within 5 working days – 100% achieved; Reduction in Consumers' Depressive Symptoms - goal of a 20% reduction in scores on the depression scale was not met; Reduction in re-hospitalization rates, (where a re-hospitalization is defined as a consumer being returned to the hospital for the same issue within 30 days of discharge) - The goal of a 10% reduction in re-hospitalization has not been met; Reduction in evictions due to Hoarding Disorder - The goal of a 50% reduction in evictions due to Hoarding Disorder was met. For the reporting period, there were no evictions.

CY 2016 Program Highlights

Epilepsy Association

- Epilepsy Association's target population served through the ADAMHS Board contract are individuals with severe, uncontrolled epilepsy and comorbid mental health illness.
- The agency provides Information/Referral, Epilepsy Education, Mental Health Assessment, Community Psychiatric Supportive Treatment Services, Behavioral Health Counseling and Therapy Services for individuals, Epilepsy Family Support Network for children and families, and support groups.
- On average, the agency serves 27 adults without insurance in the mental health program.
- It is anticipated that the trend to serve more clients will continue in CY16, given the uniqueness in the service delivery model and expertise and projects serving up to 40 adults.

EPILEPSY ASSOCIATION

Excellent outcomes measures and reporting. The agency provides Adult Case Management/CPST. The Adult Case Management Program serves 65 adults living with epilepsy and a mental issue; due to epilepsy being a chronic and debilitating condition few clients graduate from services.

The Epilepsy Association uses four standardized measurement tools to determine consumer outcomes. On measures of quality of life, managing the side effects of anti-seizure medicines, and low frequency of seizures, consumers report scores better than national averages. The agency acknowledges that on a measure of depression in the past two weeks, their clients report higher than desired levels of depression as compared to national benchmarks.

Far West Center

- Far West Center provides comprehensive mental health treatment and support services to uninsured adults under contract with the ADAMHS Board's funding.
- For CY16, Far West anticipates serving 270 individuals in the mental health program.
- Family Caregivers Program – is a multi-family, psychoeducational CPST group using an evidence-based practice approach.
- In CY16, the agency projects serving 10 families (25 individuals) and 190 hours of community outreach which represents an increase from 2015.
- The new Family Class would serve up to 40 individuals as part of the Family Caregivers Program.
- The Compeer Program at Far West in 2016 will expand to 42 matches and add new weekly healthy lifestyle groups focused on nutrition and physical fitness.
- Peer Support Specialists are dedicated to the Compeer program.
- Far West Center has been selected through an RFP process to receive funding for Art Therapy in 2015, as such, in CY16 an average of 8 clients per weekly session for the Art Club, "Art Infusion" provided in the recovery groups will reach up to 80 clients.

PROVIDER AGENCY RFI OUTCOMES 2014-2015

FAR WEST CENTER

Agency provides a comprehensive report, primarily documenting outputs and client satisfaction. FWC provides Core MH services: MH Assessment; Psychiatric Diagnostic interview; Pharm Management; Individual BH Counseling and Therapy; CPST (Individual and Group). A modified version of the Ohio Scales Outcome Measurement System is used, with 10 questions measuring three key recovery domains: Symptom Management, Recovery and Empowerment; and Perceived Quality of Life. Both consumer and provider surveys are collected and recorded at 6-month and annual intervals. Clients perceived improvements in all three domains.

Agency providers reflected similar ratings, although somewhat more cautious than clients engaging improvements. FWC also tracks Key Performance Indicator data for core services; examples include maintaining active client goals by CPST and counseling providers is at 99% of charts surveyed in 2015. Active caseload management rate (active contact within 90 days) for CPST and Counseling caseloads is a combined 93%.

The Free Medical Clinic of Greater Cleveland

- The Free Clinic is the only Federally Qualified Health Center (FQHC) agency that provides intensive and non-intensive outpatient substance abuse treatment in Northeast Ohio
- Since becoming an (FQHC), Free Clinic can now accept clients who are insured through Medicaid, Medicare or other private insurers.
- The agency provides daytime and evening AOD (Alcohol and Other Drugs) IOP (intensive outpatient program) and non-IOP services.
- All individuals involved in the Substance Abuse Treatment programs have access to the primary health care services at The Free Clinic.
- All individuals involved in the Substance Abuse Treatment programs also have access to mental health services at The Free Clinic which include mental health counseling and psychiatry services.
- The largest percentage of clients served in most recent years were diagnosed with Alcohol Dependence/Abuse (44%) followed by Cannabis Dependence (43%), Cocaine Dependence (9%) and Opioid Dependence (4%).

New Program:

- CY16, funding to support the uninsured clients of Free Clinic's Mental Health Treatment program.
- The Free Medical Clinic of Greater Cleveland anticipates serving 150 clients with a primary mental health diagnosis.

PROVIDER AGENCY RFI OUTCOMES 2014-2015

FREE CLINIC

Agency provides only outputs data. The FC provides AOD IOP and OP treatment, Med/Som, group therapy, individual counseling, case management and crisis intervention. Data reflect 21 clients; client satisfaction levels are high; clients report high percentages of difficulty with finances, transportation and ability to connect with other providers as barriers to care.

Front Steps Housing and Services

- Front Steps Housing and Services (Front Steps), provides temporary housing with supports for homeless families and individuals.
- In more recent years, Front Steps have identified an increase in the number of residents suffering from varied types of a mental health diagnosis.
- Front Steps and Housing Services' Art Therapy program targets formerly homeless men and women between the ages of 21 and 55 with mental illness.
- Initially, Front Steps expected to serve approximately 30 of its residents, 10 alumni and another 20 individuals from outside the organization for a total of 60 participants in 2015, however, there have been 76 individuals since the end of July.
- In 2016, Front Steps is expecting to serve 90 unduplicated clients in the Art Therapy program.

FRONT STEPS HOUSING

Outcomes report is primarily qualitative data. The agency provides Art Therapy to formerly homeless individuals. Front Steps uses Ohio Scales to measure primarily empowerment. Empowerment scales improved by 2.3%.

CY 2016 Program Highlights

Frontline Service

- Frontline Service is a comprehensive behavioral health organization that provides an array of crisis, treatment and recovery support services for people with significant behavioral health treatment needs who are either formerly or currently homeless, are impending discharge from an institution to homelessness, or are otherwise at very high risk of becoming homeless.
- Frontline Services' continuum of crisis services, the Adult Mobile Crisis Team (AMCT), Children's Response Team (CRT), Crisis Text and Crisis Chat, (online emotional support) and the Crisis Stabilization Unit (CSU), serves adults and children experiencing a mental health crisis.
- The AMCT, CRT, and Crisis Stabilization Unit (CSU) provides service 24-hours per day, as well as coordinates the linkage of individuals released from prison, ensuring that critical engagement with treatment services is established immediately.
- In CY16, Frontline Service anticipates that the AMCT will serve 10,500 individuals, the CRT will outreach to 1,500 youth, and the CSU will provide stabilization services to 500 adults.
- The agency utilizes Integrated Dual Disordered Treatment (IDDT) in their Flores Residential Treatment program for 8 adults with severe and persistent mental illness and alcohol or other drug addictions.
- For CY16, approximately 17 dually diagnosed adults will reside in the Flores residential treatment site.
- Frontline Service's Traumatic Loss Response Team (TLRT) responds quickly to families following the traumatic loss of a loved one, usually from homicide or suicide, in collaboration with the Cleveland Division of Police (CDP). The agency anticipates that the TLRT will respond to 300 traumatic events in the community as requested by CDP in CY16.
- Frontline Service provides an array of behavioral health services to children and adults involved in the juvenile/criminal justice systems.
- In CY16, Frontline Service will engage 260 young adults being released from the Ohio Department of Youth Services facilities into treatment.

New Programs:

- For CY16, Frontline Service's Women's Forensic Program will serve approximately 50 adult females in the County jail who are diagnosed with co-occurring substance abuse and mental health disorders and are at high risk for recidivism due to the illnesses and criminogenic risk factors.
- In addition, Frontline Service will add to their service continuum a Supported Employment component that will serve 40 clients in CY16.

FRONTLINE SERVICES

The agency provides a complete overview of outputs and outcomes, with reference to extensive reporting provided throughout the year. FLS provides: Behavioral Health Counseling and Therapy, Mental Health Assessment, Pharmacologic Management, Behavioral Health Hotline, Crisis Intervention Mental Health, Employment/Vocational, CPST, Referral and Information, Other Mental Health Services (PATH & Residential Support Services), and two Licensed Residential Facilities; and AOD Non-Intensive Outpatient Treatment (Assessment, Case Management, Individual/Group Counseling, Crisis Intervention) and Halfway House. Programs include: Crisis Services, Crisis Stabilization Unit, Online Emotional Support (Crisis Chat & Text), Traumatic Loss Response Team, CPST, Housing First, Forensic Liaison, Flores, AOD Outreach. The agency employs a variety of standardized measures in each program.

- Average MCT response time was 3.2 hours. Fewer hospital-based assessments occur; more community-based assessments are conducted. All persons contacting the Traumatic Loss team are contacted within 24 hours; 77% receive a face-to-face contact within 72 hours.
- Among CPST/Housing First/IDDT clients, 42% report that their symptoms cause less distress. Only 6% of clients report being in shelter; 65% report using a primary doctor or health clinic, and increase due perhaps to regular housing; 91% report no lapse in benefits.
- The Flores Treatment program reports a 50% success rate.

CY 2016 Program Highlights

Future Directions

- Future Directions is a consumer operated drop-in-center that incorporates arts and crafts into the mental health recovery process.
- The agency's average daily census is 15-20 people and serves over 200 different individuals annually.
- The agency reinvests proceeds from the sale of the crafts at Fairs, Crafts Shows and Holiday Events back into the program.
- For CY16, Future Directions plans to sustain their daily census not to exceed 20 individuals which is the maximum capacity in accordance to the City's fire/safety codes and aggressively seek to increase the number of opportunities where their products can be sold.

FUTURE DIRECTIONS

Future Directions is a consumer-operated service which provides a drop-in center and arts and crafts. Outcomes tools include member satisfaction, general feedback, and engagement and retention. 181 members served; 95% like services/facilities; average daily attendance is about 14, comparable to 2014. Number of new members is down from 2014.

Hispanic Urban Minority Alcoholism and Drug Abuse Outreach Program (Hispanic UMADAOP)

- Hispanic Urban Minority Alcoholism and Drug Abuse Outreach Program's (UMADAOP) priorities are to serve young adults and adults with substance abuse with a focus on opiate/heroin addictions in both the Hispanic/Latino community and the community-at-large.
- Hispanic UMADAOP provides residential treatment, an array of prevention programs and intensive outpatient treatment (IOP) services.
- The agency provides non-medical community residential treatment for males and females with a special priority given to pregnant women.
- In CY16, the agency will serve 175 clients when at total capacity.
- Hispanic UMADAOP provides prevention and education services to youth residing on the west side of Cleveland.
- For CY16, as a result of implementing a new curriculum, the agency anticipates serving 548 youth in their prevention programs.

HISPANIC UMADAOP

Outcomes documentation is adequate. HUMADAOP provides AOD prevention and treatment. Treatment services include assessment, case management, individual and group counseling, crisis intervention, IOP, urinalysis and non-medical community residential. 68% of clients completed AOD treatment successfully; average wait time for assessment is 3 days; average wait time from assessment to residential admission was 3 days.

Hispanic UMADAOP projected serving 565 youth for the year in its prevention programs. The actual number served was 662 in the following programs:

- Mejora Program projected serving 65 youth, 44 actually served.
- Niños Program projected serving 500 youth, 618 actually served.

CY 2016 Program Highlights

Hitchcock Center for Women (HCFW)

- Hitchcock Center for Women is a gender specific, trauma sensitive, substance use disorder treatment program for women.
- HCFW currently provides overflow services for any person, male or females, seeking addiction treatment but who cannot get an assessment in 72 hours from an ADAMHS Board funded agency.
- HCFW also provides residential services to pregnant women who are viewed as a priority for services and has the capacity to serve up to 35 women and/or women with children.
- The agency reports that during CY2016 the Residential Treatment component will serve 220 women and 50 children, while an additional 100 women will be served in the Intensive Outpatient and Non-Intensive Outpatient programs
- The agency's recovery residences meet the standards for the National Association of Recovery Residences (NARR) and Ohio Recovery Housing (ORH) as level 2 recovery residences.
- I'm In Transition program works with HCFW by assisting their residents with integrating back into the community into sober housing that helps ensure a continuity of care beyond traditional treatment.
- Seasons of Hope – Safe House program continues to thrive and have expanded their hours of operation in CY15.
- For CY16, The average number of individuals served monthly is 95 which represents an increase from 88 women monthly in 2015.

Hitchcock Center for Women will remain on a programmatic and fiscal Performance Improvement Monitoring Plan throughout 2016.

HITCHCOCK CENTER FOR WOMEN

Agency provides adequate outcomes data. HCFW provides AOD Non- Medical Community Residential Treatment, Intensive Outpatient Treatment, Non-Intensive Outpatient Treatment, Assessment, Individual Counseling, Group Counseling, Case Management, Urinalysis, and Crisis Intervention. As of June 30, 2015, the agency was successful with contacting 68 of the 136 clients who were discharged. This represents 50% of those discharged. The women interviewed reported abstinence, no new legal cases, and improved overall quality of life. Of 48% of women interviewed reported no use since being discharged, 2% have lapsed and 30% have had additional treatment.

CY 2016 Program Highlights

Hopewell

- Hopewell is a therapeutic farm community located on 305 acres in rural Mesopotamia, Ohio, designed to serve adults diagnosed with schizophrenia, schizoaffective disorder, bipolar disorder, major depression and other forms of serious mental illness in the following ways: believe in their own potential; to develop the skills to manage their mental illness and to transition from Hopewell to a more independent living situation.
- Hopewell has a regular fee of \$290.00 per day, but offers its services to the ADAMHS Board for \$215.00 per day which represents a 25% discount.
- Services at Hopewell respond to individual needs by providing mental health services; personal care services; supported/structured programming; medication education, and work preparation experience.
- Hopewell's work program offers an opportunity to work on a farm including kitchen, farm crew, gardening, housekeeping, grounds keeping and construction which also teaches residents how to work as a team.
- The length of stay at Hopewell can range from six months to 20 months based on the severity of symptoms and progress towards their recovery goals.
- Hopewell residential treatment services will be accessed in coordination with ADAMHS Board staff for adults discharged from the state psychiatric hospital and/or when the treatment need of the clients would be better served and supported by Hopewell's specialized treatment approach.
- In CY16, Hopewell will serve up to four individuals referred by the Board.

PROVIDER AGENCY RFI OUTCOMES 2014-2015

HOPEWELL

The agency has not been funded by the ADAMHSCC and is unable to provide an outcomes report.
