1. CALL TO ORDER

Board Chair, J. Robert Fowler, Ph.D., called the General Meeting to order at 4:02 p.m.; and recognized Ms. Carol Krajewski, a former ADAMHS Board employee, who retired from her position in August 2019.

2. AUDIENCE INPUT ON AGENDA ITEMS

Ms. Elaine Schleiffer, a former Community Member of the ADAMHS Board's Planning & Oversight Committee, read a prepared statement, whereby a portion of her statement is as follows: "...my pronouns are she/her, and I am a resident of Cleveland living with dual diagnoses. I am a queer community organizer who has long been focusing on mental health resources for my community, and I'm one of the organizers working for REACH: Responding with Empathy, Access, and Community Healing, which is Cuyahoga County's grassroots coalition advocating for the expansion of our crisis services continuum. I have received care from many of our hospitals, inpatient, and outpatient facilities. I have worked with our probate and family courts. And I have been in the situation of desperately needing crisis behavioral healthcare, and having no one to respond except our police department.

One thing I know from my life experience is that no two crises are alike. I believe that in order to create better outcomes for people like me, we have to increase the number of tools in our toolbox.

I often talk about crisis response in three buckets: "cop response," where officers act as first responders, including our specialized CIT officers; "co-response," where officers are joined by a specialist like a mental health practitioner or social worker; and "care response," where those non-police specialists are empowered to act as first responders without a police presence.

You'll be receiving today a report about how care response could work in Cleveland and Cuyahoga County, produced by R Strategy Group and a team of community experts. As one of the people on that team who helped to build the report, I am with you today to demonstrate the support for care response that exists not just among our healthcare providers and not just among our elected officials, but in our community as well..." (Ms. Schleiffer's written statement is attached to the original minutes stored in the Executive Unit.)

[Ms. Patricia James-Stewart, M.Ed., LSW, arrived.]

3. RECOGNITION OF CLIENT ARTWORK DISPLAY: MAY 2023

The ADAMHS Board's monthly client art display program showcases client artwork, highlights our provider agencies, recognizes the benefits of art therapy and celebrates the recovery community. The monthly client art display program can be seen in-person and virtually on the Board's website.

Ms. Beth Zietlow-DeJesus, Director of External Affairs, reported on the artwork produced by Far West Center (FWC) and Jewish Family Service Association (JFSA). In the absence of representatives from the recipient provider organizations, Ms. Zietlow-DeJesus shared that she will forward Certificates of Participation to their attention at a later date.

4. APPROVAL OF MINUTES

The minutes from the April 26, 2023 General Meeting were approved as submitted.

5. CHAIR'S REPORT

Dr. Fowler shared that the ADAMHS Board's Annual Meeting Brunch, Awards Ceremony and Client Art Show transpired on Monday, May 15, 2023 at the Holiday Inn Cleveland-S in Independence; and over 400 individuals were in attendance. During this event, Resolution No. 23-05-01 Accepting the CY2022 Annual Report was passed by the Board Directors.

On Tuesday, May 9, 2023, the Ohio Department of Mental Health and Addiction Services (OhioMHAS) appointed Mr. James T. Dixon to the ADAMHS Board of Cuyahoga County. This appointment is effective July 1, 2023 and will continue until June 30, 2027. Mr. Dixon will be sworn in at the July 26th General Meeting.

6. PRESENTATION

CARE RESPONSE FOR BEHAVIORAL HEALTH CRISES IN CUYAHOGA COUNTY

Ms. Clare Rosser, Chief of Strategic Initiatives, introduced Mark Hurst, MD, FAPA, Hurst Healthcare Consulting LLC, on behalf of R Strategy Group. Dr. Hurst is a psychiatrist and past Medical Director and Director of OhioMHAS; and Medical Director and Assistant Director of the Ohio Department of Health. Ms. Rosser reported that Dr. Hurst will be presenting on care response, which is a health first, non-law enforcement response to individuals in mental health and addiction crisis.

The Alcohol, Drug Addiction and Mental Health Services (ADAMHS) Board of Cuyahoga County has been a pioneer in Cuyahoga County for establishing the structure that now make an enhanced care response possible. When the National Suicide and Mental Health Crisis lifeline was launched, the ADAMHS Board was the first cohort to integrate the national hotline into the local hotline, which FrontLine Service has operated since the 1990's. Now that this hotline has an easier access number of three digits, 988, the right response is provided for each call. Ms. Rosser reported that the Mobile Crisis Team was created to send behavioral health specialists into the field when the caller's concern cannot be effectively resolved over the telephone or by chat. She shared that the ADAMHS Board also supports the Co-responder model to all five police districts in Cleveland, which pairs a social worker with a police officer to respond to crisis calls. The City of Cleveland has seen the success of this model and has plans to expand; and the ADAMHS Board is the hub for all Crisis Intervention Team (CIT) training for the Cleveland Division of Police (CDP) and has been for decades, which includes training for dispatchers through the 911 system. The ADAMHS Board also funds Magnolia Clubhouse, which has been a local leader with keeping attention on the issue of care response; and has worked with their clubhouse partners in New York and around the country to share the Care Response model. As a Board, we have long supported the right response to an individual in crisis and are exploring ways to enhance, expand and/or reimagine crisis response in Cuyahoga County; and Dr. Hurst has been part of a team that has been examining the needs of Cuyahoga County and will present findings and recommendations for consideration as we move forward.

[Reginal C. Blue, Ph.D., arrived.]

Dr. Hurst reported that the ADAMHS Board of Cuyahoga County continuously evaluates the community for ways to better meet the community's behavioral health needs. He shared that behavioral health crisis services are being strengthened throughout the United States; and based upon discussion with and in consultation with the ADAMHS Board, R Strategy Group (RSG) evaluated the feasibility of "Care Response" to build upon the existing crisis response services in the county. Research funding was generously provided by several philanthropic organizations, including the Cleveland Foundation, the George Gund Foundation and Mt. Sinai Foundation. RSG was charged with making recommendations that can be used in the development of a Request for Proposals (RFP) that will lead to a Care Response pilot project in a specified area or areas of Cuyahoga County that can become the path for further expansion in the county.

[Mr. Ashwani Bhardwaj arrived.]

RSG's process included convening a workgroup of local stakeholders and outside consultants to advise the process, interviewed local leaders and advocates, had discussion with Care Response programs in Ohio and nationally, completed research of professional literature, reviewed media reports and held focus groups and community surveys. Dr. Hurst reported that Care Response is part of the crisis care continuum. Individuals need someone to talk to, someone to respond (care response) and a place to go. The essential characteristics of all crisis care components include:

- Address recovery needs
- Significant role for peers
- Trauma-informed care
- Safety and security for staff and those in crisis
- Law enforcement and emergency
- Medical services collaboration

Care Response consists of a team of individuals with specific behavioral health and crisis stabilization expertise responding to mental health or addiction crises in the community setting. Team members consist of a licensed behavioral health professional and a peer support person with lived experience in the behavioral health system. They are unarmed and have skill and training to assess specific needs and frequently meet those needs in the community. They work with dispatch and other responders (such as police/CIT officers) to assure that the needs of people are met and safety of the person being served and responders is maintained. This scenario can frequently avoid police response to behavioral health issues, permitting more focus on other public safety issues.

The service overview consists of helping individuals experiencing a crisis event experience relief quickly and resolve the crisis situation when possible. Team members meet individuals in the environment where they are comfortable and/or at the site where the crisis is occurring. They provide appropriate care/support while avoiding unnecessary law enforcement involvement, Emergency Department use and hospitalization. Team members connect individuals and facility-based care, if needed; and provide warm hand-offs and coordinate transportation. They are available 24 hours a day, seven days a week and provide rapid response.

Reasons for the utilization of Care Response include:

- Reduced need for police involvement
- More situations resolved in community (less hospitalizations)
- Improved safety
- Less crime in areas covered by Care Response
- Increased involvement in treatment after crisis
- Well-received
- Preferred by community
- Cost effective

Based upon existing research, experience of communities across the nation, and preferences of individuals surveyed in Cuyahoga County, RSG recommends that Cuyahoga County implement a community-based, unarmed Care Response program that will be rapidly available and staffed by behavioral health professionals and peers. Care Response services should commence with a pilot program in one or more geographic regions of the county, with a plan to expand based upon the learnings of the pilot program. The entity or entities implementing Care Response should be selected through a competitive process by responding to an RFP to find the vendor(s) with the greatest likelihood of success in addressing the complexities of Care Response; and the specific pilot region(s) chosen to better meet needs of underserved.

Suggestions for the pilot area included:

- Demographics reflect significant population of underserved individuals by virtue of:
 - Race
 - Ethnicity
 - Socioeconomic status
 - Sexual orientation
- Area of high need
 - High volume of calls relating to mental health (MH)/Substance Use Disorder (SUD) issues
 - Disproportionately low calls and service utilization in view of demographics
- Area with more adverse outcomes in interactions between served individuals and current responders

- Interest and support of proposed pilot community
- Support of partner agencies:
 - Social service agencies
 - Behavioral health agencies
 - Behavioral health crisis facilities
 - Hospitals
 - Law enforcement
 - Dispatch services
 - Other community behavioral health crisis responders, if present (e.g., co-response programs)
- Uncomplicated dispatch landscape (single 911)
- Sufficient population size to generate meaningful number of encounters to assess program effectiveness and inform future expansion.

Dr. Hurst reported that the Care Response program should meet the basic criteria for mobile crisis. The pilot period should have six months of “lead-in” and 12 months of service provision/program assessment. The pilot community should be engaged as a full partner in the development, implementation and assessment of the pilot. Staffing of the Care Response team should reflect the characteristics of the community; and staff safety and wellness must be a priority. A training curriculum should be developed from currently available resources adapted to meet Cuyahoga County and pilot area needs, with input from:

- Local experts
- Pilot area residents
- Consumers of services
- Family members.
- Consider outside vendor to assist

Staff will utilize standardized tools for assessment and assistance in determining disposition of clients; and dispatch processes should be agreed upon before implementing services. Clarity should be provided about most appropriate location of care for clients who require facility-based crisis interventions (“A place to go”). The Care Response pilot should be data-driven; and an outside vendor may be considered for data expertise and management. A data dashboard, which is available to anyone should be created and posted online; and quality measures should be selected to determine compliance in executing the pilot and success of pilot. Care Response sponsor(s) should seek multiple funding streams to support the pilot project and promote long-term viability. Applicants proposed budget should meet promising practice standards and include a plan for billing for services as a source of revenue beyond grant funding. The funder(s) should consider budgeting as much as \$1.65 M for an 18-month pilot program; and the system should begin planning for expansion of services early in the pilot period based upon knowledge gained from the pilot.

Dr. Hurst provided detailed budget assumptions for one Care Response and two Care Response teams, which included the potential cost offset; and responded to questions from the Board Directors. (The PowerPoint presentation is attached to the original minutes stored in the Executive Unit.)

7. POLICY STATEMENT RENEWAL – 2nd Reading and Official Vote

Mr. Woo Jun, Director of Risk Management, highlighted the significant changes made to the policy statement up for renewal, Guidelines for Detoxification Services Funded with Non-Medicaid Dollars. Mr. Jun reported that the Substance Use Disorder treatment industry is no longer using the terms detox or detoxification due to the stigma associated with those terms. Presently, detox or detoxification services are called withdrawal management. As a result, Board staff will be changing the policy name to Guidelines for Withdrawal Management Services. The reason for the significant change to this policy is that under the current policy, the ADAMHS Board was restricting the number of times a client could receive withdrawal management to one time per year without prior approval; and a signed commitment for aftercare. This was pre-opioid epidemic; and now with the opioid epidemic, the Board’s Chief Clinical Officer Consultant, Dr. Leslie Koblentz, weighed in and thought that the Board should treat substance use disorder just like all chronic diseases; and not put a limit on the number of times a client can receive withdrawal management. The Board tried this for two years and did not see a significant percentage of clients receiving more than one withdrawal management service per year. Additionally, Board staff thought that a signed commitment for aftercare is worthless if the client is not ready for treatment. However, staff is carefully monitoring the number of times a client receives withdrawal management services to ensure that each provider is following industry best practices.

Given no further discussion regarding the policy statement up for renewal, a call for a motion was entertained.

Motion to approve the Policy Statement Renewal originally labeled Guidelines for Detoxification Services Funded with Non-Medicaid Dollars; and now labeled Guidelines for Withdrawal Management Services. MOTION: R. Blue / SECOND: B. Addison / AYES: B. Addison, A. Bhardwaj, R. Blue, G. Boehm, E. Cade, B. Gohlstin, P. James-Stewart, K. Kern-Pilch, S. Killpack, H. Snider / NAYS: None / ABSTAIN: None / **Motion passed.**

8. NEW POLICY STATEMENT REVIEW – 2nd Reading and Official Vote

Mr. Jun presented the second reading of a new policy statement, Subrecipient Monitoring for Federal Grants Policy; and reported that presently, the Board does not have an official policy to monitor federal grants. This is not to say that we do not monitor our federal grants, but Board staff needed to put a policy in writing to satisfy the auditors; and it is also best practice to have this in writing.

Essentially, the Board will be following Uniform Guidance, Sections 2 The Code of Federal Regulations (CFR) 200.331 – 200.332.

- The Board will determine if the nonfederal entity we are contracting with is a subrecipient versus a contractor, and if determined to be a subrecipient, Board staff will monitor the programmatic and financial aspects of the award.
 - Before making an award, Board staff will conduct a pre-award risk assessment of the subrecipient by looking at things like:
 - The amount of the award;
 - The type of organization;
 - The subrecipients prior experience with the same or similar grants with the ADAMHS Board;
 - The debarment or suspension status in System for Award Management; and
 - The Single Audit or other audit findings.
 - Based on the pre-award risk assessment, Board staff will determine the risk level of the subrecipient and have ongoing risk-based monitoring with the subrecipient. The higher the risk, the more hands-on monitoring that the ADAMHS Board will do.

Given no further discussion regarding the new policy statement proposed, a call for a motion was entertained.

Motion to approve the new Policy Statement labeled Subrecipient Monitoring for Federal Grants Policy. MOTION: K. Kern-Pilch / SECOND: E. Cade / AYES: B. Addison, A. Bhardwaj, R. Blue, G. Boehm, E. Cade, P. James-Stewart, K. Kern-Pilch, S. Killpack, H. Snider / NAYS: B. Gohlstin / ABSTAIN: None / **Motion passed.**

9. COMMUNITY RELATIONS & ADVOCACY COMMITTEE REPORT

Ms. Patricia James-Stewart, Community Relations & Advocacy (CR&A) Committee Chair, reported on the CR&A Committee meeting held on Wednesday, May 3, 2023, at 4:00 p.m. The Board of Directors heard the following items of discussion:

- Mr. Scott Osiecki, Chief Executive Officer, provided the following legislative update that included information about current and pending legislation.
 - House Bill (HB) 33 – the House budget Bill that establishes operating appropriations for State Fiscal Years 2024 and 2025.
 - Senate Bill (SB) 105 – Ohio Revised Code (ORC) Chapter 340 – Regarding ADAMHS Boards and recovery housing residences.
- Ms. Zietlow-DeJesus reported that a local coalition of leading health care organizations has signed a letter of support in favor of the flavored tobacco ban in Cleveland. The ADAMHS Board has been asked to sign the letter and become a member of the coalition supporting the ban. In February of 2023, Cleveland Council President Blaine Griffin and Councilman Kevin Conwell introduced legislation to ban flavored tobacco in Cleveland at the request of the Director of the Cleveland Department of Public Health, Dr. David Margolius. Statistics and information outlined in the legislation include:

- 95% of adult smokers began smoking before age 21, which leads to greater levels of nicotine dependence and persistence of smoking beyond adolescence and through adulthood.
 - Nationally, 11% of US middle and high school students reported current e-cigarette (vape) use, where almost 85% of e-cigarette users reported using flavored products.
 - Locally, 7.8% of Cleveland high school students reported smoking e-cigarettes.
 - Menthol cigarettes have been historically heavily marketed toward Black Americans and the Food and Drug Administration (FDA) notes that a ban on menthol cigarettes would save the lives of 92,000 to 238,000 African Americans.
 - Over 70% of African American smokers prefer menthol cigarettes, compared with 30% of white smokers, which attributed to the tobacco industry's targeted advertising to the Black urban community.
 - The statistics show that flavored tobacco is a health equity issue and leads to increased disparities for the health of the local Black community and our youth, who are targeted to use flavored tobacco. Signing the letter of support and joining the coalition will help bring awareness to the dangers of flavored tobacco and help pass the legislation banning flavored tobacco, which is harmful and creates increased health disparities in the Black community. Board staff request the Board Directors review the letter of support and determine if the Board would like to add its name to the letter to ban flavored tobacco use in Cleveland. (The letter and supporting material are attached to the original minutes stored in the Executive Unit.)
 - The CR&A Committee agreed to recommend full approval from the Board to sign a letter of support for the banning of flavored tobacco in the City of Cleveland, which requires final approval from the full Board.
- Ms. Carole Ballard, Director of Education and Training, provided an update regarding eight trainings and two sponsored trainings the division has scheduled for May to celebrate Mental Health Awareness Month. These trainings are as follows:
 - Training Institute Trainings
 - May 15, 2023: Substance Use Disorder Treatment for Adolescents of Color
 - May 17, 2023: Mental Health First Aid
 - May 22, 2023: Substance Use Disorder Treatment with Adolescents in Transition Age Youth
 - May 25, 2023: Effective Family Therapy with Adolescents with Substance Use Disorders
 - Sponsorship
 - May 1, 2023 – May 2, 2023: ESC Mental Health Summit
 - Drug Court Grant Training
 - May 4, 2023: Substance Use Disorder in Women: The History, Use and Treatment
 - Community Trainings
 - May 12, 2023: Mental Health 101 with AmeriCorps Team at Baldwin Wallace
 - May 18, 2023: Mental Health presentation for Cleveland Public Library
 - 5/24/23: Mental Health 101 with South Euclid/Lyndhurst Cuyahoga County Library
 - Question, Persuade and Refer: Suicide Prevention Training
 - May 11, 2023: Intercontinental Hotel
- Ms. Zietlow-DeJesus provided an update on three public awareness campaigns the board has running and shared some sample ads, radio spots and a video. The campaigns are multi-media and include billboards, transit ads, social media, television streaming, print ads, radio ads and printed materials; and are as follows:
 - **Problem Gambling Campaign** is called *Pause Before You Play*. It was purchased with Board funds to address the increase in suicide risk as the result of online sports betting. The Board worked with Recovery Resources, the Cuyahoga County Problem Gambling Coalition, Ohio for Responsible Gambling and Origo to localize the *Pause Before You Play* campaign. The campaign runs from April 2023 through March 2024, with targeted pushes around major sporting events and during Suicide Prevention Awareness Month (September).
 - **Crisis Campaign** was purchased with a State Opioid Response Grant and highlights all crisis services available in Cuyahoga County as well as 988. Printable materials are being translated into multiple languages and into Braille. This campaign runs from April 2023 through December 2023.

- **Overdose Response and Fentanyl Awareness Ads** to inform the public that fentanyl is in all drugs, provides information about harm reduction resources and strategies and how to recognize an overdose and administer naloxone, which can be ordered via mail from our ads. The ads are heavily targeted to at risk communities during historically high overdose time periods (like holiday weekends). This campaign is paid for from Board funds and runs from May 2023 through January 2024.
- **Media Tracking Report**
Ms. Zietlow-DeJesus reported that the ADAMHS Board had a total of 37 media mentions between Wednesday, March 1, 2023, and Tuesday, May 2, 2023. 35 of these mentions were positive and two were neutral. This brings the year's total to 74 media mentions, 71 of which are positive and three of which are neutral. There were no negative media mentions.
- **Social Media and Website Tracking Reports**
 - **Wednesday, March 1, 2023, to Tuesday, May 2, 2023, Social Media Report**
Ms. Zietlow-DeJesus provided committee members with an overview of the social media statistics. She reported that for the timeframe Wednesday, March 1, 2023, to Tuesday, May 2, 2023, the Board had 230,539 impressions on social media, 699 engagements (likes, comments, retweets, mentions, etc.), gained 118 new followers and 219 post link clicks.
 - **Wednesday, March 1, 2023, to Tuesday, May 2, 2023, Website Report**
Ms. Zietlow-DeJesus reported that over 18,000 people have visited the Board's website since Wednesday, March 1, 2023, for a total of 31,887 times. 82.7% of the individuals were new visitors to the Board's website; and 17.3% were returning visitors, meaning they have visited the Board's website previously. There were 65,295 page views and the majority of which came to the site from google searches.
- Ms. Ballard reported that every day we lose 5 people to suicide. Suicide devastates families, friends, and communities. Substance use disorder and mental illness profoundly impact Ohio's growing suicide rate, and it is time to direct our focus, energy, and resources toward suicide prevention. In 2021 Cuyahoga County lost 157 people due to suicide. We are continuing to see an increase in marginalized populations who die by suicide in our community. Across the county this trend is particularly troublesome when we see statistics about the high incidence of youth who died by suicide. The ADAMHS Board along with its providers and partners throughout the county have been working hard on getting the message out to the community on suicide prevention but we can do more.

The ADAMHS Board will host a Suicide Prevention and Intervention Summit with leaders from the African American, Hispanic, Asian, as well as the LGBTQ+ community, who will talk with the community about talking with a loved one about suicide prevention. We want to reach our families, significant others, faith-based, schools, community groups, etc., to talk about the stigma, suicide and intervention strategies. The summit will consist of a keynote speaker, panelist representing marginalized populations and breakout sessions. We want to create a strategy to keep the conversation going. This is the beginning of an ongoing dialogue. The Summit will be held on Monday, September 25, 2023, from 8:30 a.m. to 2:00 p.m. at the Educational Service Center of Northeast Ohio, 6393 Oak Tree Boulevard, in Independence. The facility is free to the ADAMHS Board; and approximately 100 people will be in attendance. This summit will provide the community with information about how to talk about suicide with loved ones, especially individuals within marginalized populations; and provide information about resources for help and support. The requested funding (not to exceed \$6,500) will be utilized to pay for food for a light breakfast and boxed lunches, beverages and an honorarium for presenters.
- Mr. Osiecki reported that Ms. Madison Greenspan, External Affairs Officer, has resigned from the Board. Her last day is Friday, May 19, 2023. Ms. Greenspan has been employed at the Board for approximately five years.
- Due to health reasons, Ms. Zietlow-DeJesus shared that she is resigning from the Board. Her last day is Tuesday, June 6, 2023 as she is presenting at the OACBHA Conference in Columbus, Ohio. Ms Zietlow-DeJesus has been employed at the Board for approximately seven years. The Board Directors and Mr. Osiecki provided accolades to Ms. Zietlow-DeJesus and Ms. Greenspan; and wished them well.

Motion to approve the Board signing the letter of support and joining the coalition to bring awareness to the dangers of flavored tobacco and help pass the legislation banning flavored tobacco, which is harmful and creates increased health disparities in the Black community. MOTION: P. James-Stewart / SECOND: E. Cade / AYES: B. Addison, A. Bhardwaj, R. Blue, G. Boehm, E. Cade, B. Gohlstein, P. James-Stewart, K. Kern-Pilch, S. Killpack, H. Snider / NAYS: None / ABSTAIN: None / **Motion passed.**

10. PLANNING & OVERSIGHT COMMITTEE REPORT

Ms. Katie Kern-Pilch, Planning & Oversight (P&O) Committee Chair, reported on the P&O Committee meeting held on Wednesday, May 10, 2023, at 4:00 p.m. The Board Directors heard the following items of discussion:

- **Sisters of Charity Health System Community Behavioral Health and St. Vincent Charity Community Health Center Psychiatric Emergency Services (PES) Presentation**

Mr. Ben Goodwin, Adult Behavioral Health Specialist II (Criminal Justice), and Ms. Nancy Mundy, Clinical Adult Utilization Review Specialist, introduced Mike Biscaro, Psy.D., ABPP (Forensic), Vice President of Behavioral Health Services, Sisters of Charity Health System, Dr. Edward Kilbane, Medical Director of Psychiatric Emergency Services, St. Vincent Charity Community Health Center, Mr. Ben Silver, Administrative Director, Community Health Services, St. Vincent Charity Community Health Center and Ms. Jennie Ritt, LPCC-S, Clinical Manager (who provides clinical / administrative oversight for the crisis and recovery services) at St. Vincent Charity Health Campus.

As of Tuesday, November 15, 2022, the hospital's inpatient services closed and transitioned to continuing outpatient services as a Community Health Center. The presenters provided a PowerPoint on what services are available including Crisis and Recovery, Outpatient Psychiatry and addiction treatment in Rosary Hall. They have instituted Primary Care, ancillary and legal services focusing on "Integrated Whole Person Care in One Location." They discussed the status of their Psychiatric Emergency Services functioning as of November 15, 2022. It is not an Emergency Department but rather an OhioMHAS designated "Crisis Receiving Center" operational 24/7/365.

Staffing and services were described, and metrics were also provided. The goal is to help those at risk of re-hospitalization and access to resources in Cleveland and Cuyahoga County. They emphasized that acute care needs to change with the focus from health care to social determinants. The Crisis and Recovery Services at the St. Vincent Charity Health Campus is being designed to engage diverse community partners. This is a separate and new non-profit that will focus on expanding the Crisis Continuum of Care in outreach. The program was activated December 2022.

- **Agreement with Cuyahoga County Board of Developmental Disabilities (CCBDD) for Shared Costs**

Ms. Erin DiVincenzo, Director of Prevention and Children's Behavioral Health Programs, reported on the agreement between the ADAMHS Board and CCBDD for shared costs that allows the CCBDD to reimburse the ADAMHS Board the cost of residential treatment services for youth with multisystem involvement, including, but not limited to, both CCBDD and the ADAMHS Board, to prevent deeper system involvement. These shared costs are not to exceed \$600,000 for residential treatment services for youth with multisystem, co-occurring mental health and developmental disabilities diagnoses for the term of June 1, 2023 through May 31, 2025.

- **Community Needs Assessment**

Ms. Rosser provided an update on the Community Needs Assessment. She reported that the proposal was just received by the Board; and additional time is needed to review the proposal. As a result, this agenda item will be forwarded through the June ADAMHS Board meeting cycle.

- **Client Satisfaction Survey Update**

Ms. Rosser reported that Brown Consulting is continuing their work on the Client Satisfaction Survey. She will present again at the June 2023 meeting regarding 2023 data that reflects emergent trends post pandemic and adapting to ever changing demands with consideration for services of the greatest need and evolving technology such as telehealth.

- **"Adam-Amanda" Center Update**

Mr. Osiecki reported that the Crisis Continuum is an OhioMHAS Priority, whereby \$90 million in American Rescue Plan Act (ARPA) funding will be utilized for Ohio's Crisis Continuum. He shared that Part 1 includes \$45 million for short-term residential infrastructure development of at least six additional short-term residential facilities with at least one new facility

in each Regional Psychiatric Hospital area / collaborative. This consists of one-time funding distributed up to \$7.5 million per Regional Psychiatric Hospital area / collaborative. Mr. Osiecki shared examples of how this funding could be utilized: Capital investments (improvements and new builds), Information Technology Infrastructure (hardware, software systems, and information exchanges, etc.), start-up costs and planning activities. He shared that there is a 10% match requirement from Boards and the Regional Plan must be submitted as a Collaborative by Friday, May, 19, 2023.

The concept of “Adam-Amanda” Step-down / Step-up is identified as the following:

- Clients discharged from OhioMHAS Hospitals and / or behavioral health units of area hospitals have an opportunity to stabilize before re-entering the community (Step-down).
- Clients who need to be stabilized but do not require hospitalization (Step-up).
- Could be individuals living with co-occurring disorders.
- Clients may stay up to 30, 60, 90 days.

Mr. Osiecki highlighted that the original “Adam-Amanda” Center is located in Athens County. This facility was built in memory of Adam Knapp and Amanda Baker who lost their lives due to mental illness only days after being released from inpatient psychiatric facilities and after multiple attempts to receive care. He shared that the Northeast (NE) Ohio Collaborative, which consists of Cuyahoga, Lorain, Summit, Lake, Geauga and Ashtabula Counties, has submitted to OhioMHAS a total request of \$6.5 million with a request to carry-over the remaining \$1 million to Phase 2: Crisis Center.

▪ **Calendar Year (CY)2024 and CY2025 Funding Process**

Mr. Osiecki updated Board Directors regarding a recommendation to change the Board’s funding process for CY2024 and CY2025. He highlighted that the Board is statutorily responsible for planning, funding and monitoring or evaluating public mental health and addiction treatment services, as well as prevention, treatment and recovery support services for the residents of Cuyahoga County. Hence, to ensure that a continuum of care remains available and working at its optimal level to provide the best services, the Board is charged with considering cost-effectiveness and quality of services and supports. The Board must consider continuity of care for clients; and be accountable to the public and ensure that federal, state, and local funds are effectively utilized.

He shared that Board staff are recommending that the Board selects providers rather than issuing a Request for Proposal (RFP). This funding process is being recommended since there is an increased awareness and need for mental health and substance abuse prevention, treatment and recovery supports and along with the behavioral health workforce shortage calls for a reimagined funding approach for the CY2024 and CY2025 ADAMHS Board budget. There are four areas that the Board should concentrate on for funding and each area will be considered through the Board’s Diversity, Equity and Inclusion lens: 1) Statutory Requirements, 2) Focus on Needed Services, 3) Support Providers and 4) Ensure Essential Services.

There are several benefits to our clients, providers and the Board for this type of funding strategy; and are as follows:

1. Workforce
2. Less Duplication and Underutilized Services
3. Focus on What Services Providers Do Best
4. Two-years of Stable Funding to Providers
5. Based on Outcomes
6. Partnerships
7. Supply and Demand

Ms. Rosser shared an example of a provider dashboard, which reflects a provider agency’s past performance data, ranging from Budget and Invoicing, Workforce, Clients Served, Average Number of Days Until First Appointment, Program Goals and Geographic Service Coverage via zip codes for specific services. After a lengthy discussion of this agenda item, Mr. Osiecki reported that Board staff will further discuss the funding process recommendation brought forth, while taking into account Board Directors suggestions and comments, for additional thoughtful consideration for the development of a compromise to begin the optimization of our provider network.

▪ **New Business**

Mr. Osiecki reported that the ADAMHS Board’s Community Assessment and Plan (CAP) was approved by OhioMHAS.

11. FINANCE REPORT

Ms. Bishara Addison, Finance & Operations (F&O) Committee Vice Chair, reported on the F&O Committee meeting held on Wednesday, May 17, 2023, and highlighted the Vouchers, Contracts and Contract Amendments as listed below.

CONSENT AGENDA: Resolution Nos. 23-05-02 through 23-05-04

- **RESOLUTION NO. 23-05-02**

- **ACCEPTING THE REPORT OF THE CEO ON EXPENDITURES AND VOUCHERS PROCESSED FOR PAYMENT DURING APRIL 2023**

Ms. Addison reported that the Administrative Budget that was approved for CY2023 was \$8,080,414 and for April Actual Year to Date (YTD) 2023, the total administrative expenses were \$2,511,288.06; that is roughly 31% of the total Administrative Budget. As a result, the Board is on track with expenses for the first four months of 2023. Ms. Addison highlighted that relative to the Board Voucher Report for April 2023, there were three expenses of note that were not routine purchases. The Iron Mountain Information expense of \$11,828.43 was for the one-time payment for the removal of archived storage boxes, the WizeHive Inc. expense of \$27,850 was for the one-time annual payment and the Granicus expense of \$4,977.79 was for the one-time annual payment for maintenance and updates to the Board's website.

The Funding Source Budget to Actual YTD, April 2023, displays the Board's total revenue budget for administrative operations and grants. The total revenue expected to be received from Federal, State and local levy funds is \$74,365,289; and through the end of April 2023, the Board has received \$11,694,358.34. Ms. Addison reported that 16% of the budget has been received.

The Revenues By Source By Month report reflect that in April 2023, the Board received revenues of \$4,959,198.93.

The ADAMHS Board Budget vs. Actuals for 2023 reflect that April YTD Actual is \$26,960,491.77 that is roughly 29% of the Board's anticipated expenditures for the calendar year. Ms. Addison noted that the Diversion Center's expenditures are reflected on this report.

The Revenue and Expenditures All Accounting Units By Month reflect that the total expenditures in April is \$6,654,784.78.

The Revenues and Expenditures Grants YTD, April 2023 YTD reflects the Grant Accounting Units that include the ADAMHS Department of Justice (DOJ) Grants, Opportunities for Ohioans with Disabilities (OOD) Grant, and Other Grants. The total expenditures for grants YTD is \$1,867,745.13.

The Diversion Center Revenues and Expenditures YTD April 2023 YTD reflects a total of \$1,135,553.47.

The Cash Flow Report, April 2023 shows the 2021 Actual, 2022 Actual and YTD thru April 2023. This report shows a comparison of the available beginning balance, total available resources, expenditures and available ending balance. The available ending balance through April 2023 is \$27,909,569.15.

- **RESOLUTION NO. 23-05-03 – APPROVAL AND RATIFICATION OF CONTRACTS:**

1. A Community Conversation: Suicide Prevention and Intervention Summit – Not to exceed \$6,500

The ADAMHS Board will host a Suicide Prevention and Intervention Summit with leaders from the African American, Hispanic, Asian, as well as the LGBTQ+ community, who will talk with the community about talking with a loved one about suicide prevention. We want to reach our families, significant others, faith-based, schools, community groups, etc., to talk about the stigma, suicide and intervention strategies. The summit will consist of a keynote speaker, panelist representing marginalized populations and breakout sessions. We want to create a strategy to keep the conversation going. This is the beginning of an ongoing dialogue. Approximately 100 people will attend. ADAMHS Board staff request approval to host a Community Conversation: Suicide Prevention and Intervention Summit on September 25, 2023, at the Educational Service Center of Northeast Ohio, 6393 Oak Tree Boulevard, in Independence, in an amount not to exceed \$6,500 for food, beverages and an honorarium for presenters for the term of June 1, 2023 through September 30, 2023.

2. Agreement for Shared Costs
 - Cuyahoga County Board of Developmental Disabilities - Not to exceed \$600,000

Youth with multisystem involvement who require shared costs are identified through Family and Children First Council's (FCFC) Service Coordination Team which is comprised of the Cuyahoga County Department of Children and Family Services (CCDCFS), Cuyahoga County Juvenile Court (CCJC), CCBDD, and ADAMHS Board. CCBDD can only contract with and directly pay organizations licensed as Intermittent Care Facilities (ICF). Behavioral health organizations are not considered an ICF, so the shared cost agreement was created in 2010 to allow CCBDD to participate in sharing the cost of residential placements for youth with developmental disabilities in need of residential treatment services.

This agreement between the ADAMHS Board and CCBDD for shared costs allows the CCBDD to reimburse the ADAMHS Board the cost of residential treatment services for youth with multisystem involvement, including, but not limited to, both CCBDD and the ADAMHS Board, to prevent deeper system involvement. CCBDD will reimburse the ADAMHS Board the amount of CCBDD's portion of shared costs for residential treatment services, including, but not limited to mental health crisis beds, and other supplemental services such as additional supervision (1:1) of a client, etc., for youth with co-occurring mental health and developmental disabilities diagnoses.

The funding will allow youth involved in both CCBDD and the ADAMHS Board systems to receive residential treatment, including mental health crisis beds, and other supplemental services. ADAMHS Board staff request authorization for the shared cost agreement between the ADAMHS Board and CCBDD, whereby the ADAMHS Board will remain the fiscal agent on behalf of CCBDD to fund shared cost agreements for youth with both mental health (MH)/developmental disabilities (DD) needs who require residential treatment and crisis stabilization services for the amount not to exceed \$600,000 for the term of June 1, 2023 through May 31, 2025.

3. Public Relations Independent Contractor
 - Jorge Ramos Pantoja - \$30 per hour not to exceed \$27,720

There is an immediate need for assistance with the ADAMHS Board External Affairs team to assist with public relations matters, due to personal staffing issues. Mr. Pantoja is an Emmy and PROMAX award winning communicator with cultural sensitivity trusted by members of the press, public officials, and private organizations. He has experience as a journalist in local television and has communication and public relations experience in local government.

The ADAMHS Board has selected Mr. Jorge Ramos Pantoja as the Public Relations Independent Contractor to assist with the daily operations of the ADAMHS Board External Affairs team at \$30 per hour up to 35 hours per week for a six-month term. Mr. Pantoja duties shall include:

- o Designing, writing, proofreading, copyediting, and distributing public information in both written and electronic format
- o Developing, posting, and maintaining the content of the ADAMHS Board's website and social media platforms
- o Assisting as directed with public awareness campaigns
- o Assisting in coordinating, promoting, and staffing internal and external awareness activities, as well as other public relations events, such as health fairs, town hall meetings, and community outreach
- o Attending internal and external meetings as directed
- o Performing special projects as needed and other related duties as assigned

ADAMHS Board staff request the Board Directors to ratify the six-month contract with Mr. Jorge Ramos Pantoja to serve as a Public Relations Independent Contractor for \$30 per hour, not to exceed \$27,720 for the term of May 8, 2023 through November 7, 2023.

4. Mobile Response and Stabilization Services (MRSS) Pass-through Funding
 - First Alliance Healthcare - \$250,000

MRSS is a 24/7 crisis service where a team of two providers responds in person within sixty minutes for youth up to age 21. MRSS can provide up to four to six weeks of in-home de-escalation and stabilization. The MRSS team works

within the family system to create safety plans, teach skills, provide peer support and link to ongoing services to prevent future crises and reduce the need for out-of-home treatment. MRSS is an evidence-based and trauma informed statewide service, included in Ohio Resilience through Integrated Systems and Excellence (OhioRISE). It has a statewide, centralized call center to triage and dispatch calls to local certified MRSS providers. OhioMHAS is leading the selection and certification of MRSS providers and oversees the implementation and coordination of the statewide call center and MRSS provider network. The crisis is defined by the youth and/or family according to the MRSS model. A team of two MRSS providers responds in person to calls in the community. The MRSS team is comprised of licensed supervisors, licensed therapists, certified peer supporters and has access to a nurse practitioner or psychiatrist.

The ADAMHS Board will serve as the fiscal agent for pass-through funds for MRSS to First Alliance Healthcare in the amount of \$250,000 for State Fiscal Year (SFY) 2023. ADAMHS Board staff request the Board Directors to accept \$250,000 of pass-through funding from OhioMHAS for MRSS and contract with First Alliance Healthcare from January 1, 2023 through June 30, 2023 in the amount of \$250,000.

5. Ohio Association of County Behavioral Health Authorities (OACBHA) FY2024 Membership Dues – \$19,000

These membership dues are for OACBHA, which is the statewide organization that represents the interests of Ohio's ADAMHS Boards at the state level. Each member, including the ADAMHS Board, pays annual membership dues to OACBHA to support its operations, advocacy and educational efforts. Mr. Osiecki reported that OACBHA has been a vital source of information, resources and advocacy with OhioMHAS during the COVID-19 pandemic. OACBHA's annual membership dues for FY2024 cover the time period of July 1, 2023 through June 30, 2024.

• **RESOLUTION NO. 23-05-04 – APPROVAL OF CONTRACT AMENDMENTS:**

1. Amendment to Resolution No. 22-11-05, Agreements with Attorneys for Civil Commitment Hearings – \$200 per hearing
 - Ronald Balbier
 - Paul Friedman
 - Scott Friedman
 - Ted Friedman

By law (Ohio Revised Code 5122), the ADAMHS Board is required to ensure that persons temporarily detained for involuntary hospitalization actually meet the legal criteria for civil commitment. Probate court shall refer to ADAMHS Boards an affidavit to assist the court in determining whether persons temporarily detained for involuntary hospitalization are subject to court-ordered treatment and whether alternatives to hospitalization are available. Attorneys represent the Board at civil commitment hearings to ensure that persons subject to court-ordered treatment have due process.

Attorneys will be compensated \$200 per hearing for all hearings. Attorneys were previously compensated \$100 per hearing for most hearings. Attorneys will still be compensated \$100 per motion, and \$100 per hour for additional services, so long as additional services receive prior approval from the ADAMHS Board. Attorney Paul Friedman files motions on behalf of the ADAMHS Board. Attorneys represent the ADAMHS Board at involuntary civil commitment hearings. ADAMHS Board staff request the Board Directors to approve contract amendments with Attorneys Ronald Balbier, Paul Friedman, Scott Friedman, and Ted Friedman for \$200 per hearing for the term of June 1, 2023 through December 31, 2023.

2. Amendment to Resolution No. 23-02-03, Cleveland Division of Police, Department of Justice, Bureau of Justice Assistance (BJA) Co-Responder Project Gap Funding – \$120,000 (\$49,985 from the City of Cleveland)
 - FrontLine Service - \$45,000
 - Murtis Taylor Human Services System - \$75,000

Cleveland Police indicated through their data collection that more than half of the clients at St. Vincent Psychiatric Emergency Department are brought in by police. 97% of those who are brought in by police are from the Cleveland Division of Police. A BJA study indicates that police spend up to 7% of their time responding to crisis calls. Crisis calls

disproportionately consume much of an officer's time, and most are not a result of criminal behavior but an emotional crisis in the community. Across the country, police departments report that jails and prisons are the largest de facto mental health facilities in the country.

The City of Cleveland will be contributing \$49,985 for gap funding for the Co-Responder Project through June 30, 2023 as it goes through its internal process to continue and expand the Co-Responder Project with ARPA funding. In February 2023, this Board approved gap funding for the Co-Responder Project for FrontLine Service (\$45,000) and Murtis Taylor Human Services System (\$75,000) through June 30, 2023. In September 2022, this Board approved a no cost extension through March 31, 2023 to allow the providers to spend the remaining funds in the BJA grant. In May 2020, the ADAMHS Board approved contracts with FrontLine Service and Murtis Taylor Human Services System for the Co-Responder Program to divert people in crisis to the least restrictive alternative and linkage to services.

- o The Co-Responder Teams operate 40 hours per week, second shift.
- o The Crisis Specialist is paired with a Crisis Intervention Team (CIT) Officer in a single car in order to respond to the calls.
- o The Crisis Specialist, in collaboration with the CIT Officer engages and responds to the person's needs, provides assessment and triage to the least restrictive options in the community.
- o The Co-Responder Teams provide follow-up on crisis calls from other officers within their assigned police district as well as engage high utilizers of service in order to decrease the need for public safety assistance.
- o FrontLine Service is assigned to District 3. Murtis Taylor Human Services System is assigned to Districts 2 and 4.
- o Crisis Specialists along with CIT Officers work collaboratively with other aspects of public safety such as EMS and dispatch in order to reduce the high utilizers of service by providing ongoing monitoring and support.

ADAMHS Board staff request the Board Directors to amend Resolution No. 23-02-03, Cleveland Division of Police Co Responder Project, to accept funding in the amount of \$49,985 from the City of Cleveland for gap funding for the Co-Responder Project for the term of October 1, 2019 through June 30, 2023.

Motion to approve the Consent Agenda (Resolution Nos. 23-05-02 through 23-05-04). MOTION: R. Blue / SECOND: P. James-Stewart / AYES: B. Addison, A. Bhardwaj, R. Blue, G. Boehm, E. Cade, B. Gohlstin, P. James-Stewart, K. Kern-Pilch, S. Killpack, H. Snider / NAYS: None / ABSTAIN: None / **Motion passed.**

12. CY 2024 AND CY2025 FUNDING PROCESS OPTIONS

Mr. Osiecki updated Board Directors regarding an updated recommendation for the Board's funding process for CY2024. He highlighted that the Board is statutorily responsible for planning, funding and monitoring or evaluating the local system of mental health and addiction, prevention, treatment and recovery services. He reported that the Board also enters into contracts for the provision of certified mental health and addiction prevention, treatment and recovery services. Within this contracting obligation, the Board is charged with considering cost-effectiveness and quality of services and supports. The Board must consider continuity of care for clients; and be accountable to the public and ensure that federal, state, and local funds are effectively utilized. Mr. Osiecki reported that the Board has statutory requirements, needed services and must meet the goals outlined in the Strategic and Diversity, Equity and Inclusion (DEI) Plans.

Mr. Osiecki shared the following CY2024 funding process considerations regarding the increased awareness and need for mental health and substance abuse prevention, treatment and recovery supports along with the behavioral health workforce shortage calls for a reimagined funding approach for the CY2024 ADAMHS Board Budget:

- Addressing the Behavioral Health Workforce shortage by fully funding the continuum of care, which includes prevention, crisis, treatment, and recovery supports.
- Operations of the new step-down/step-up short-term residential facility beyond the one-time OhioMHAS capital funding.
- Operations of a new crisis center beyond the one-time OhioMHAS capital funding.
- Issuing an RFP for unmet needs.
- Ensuring a diverse mental health, addiction and recovery support system that embeds equity and inclusion to meet the needs of residents of Cuyahoga County in a culturally responsive manner.

Mr. Osiecki also shared a comparison of the number of providers in other counties relative to Cuyahoga County. The table reflected the population, ADAMHS Board annual budget and the number of providers specific to each comparable county. Overall, Cuyahoga County has the greatest number of providers.

The CY2024 funding process would include extending contracts, refining current, in addition to the development of outcomes; and the issuance of an RFP for unmet needs. Mr. Osiecki also shared the CY2024 funding process timeline. He reported that during May 2023 Board staff would present the funding process to the Board and community via the committee process. During June/July 2023 ADAMHS Board staff will provide notification of the CY2024 funding plan; and gather and analyze CY2022 and some CY2023 service data to assist in any changes to CY2024 contracts. During July/August 2023 ADAMHS Board staff will meet with providers to discuss services. During August/September/October 2023 ADAMHS Board staff will forward an official 120-day notice and meet with providers to discuss services. Lastly, during October/November 2023 ADAMHS Board staff will finalize the recommended CY2024 budget, which will be vetted through the Board committee process for approval during the November General Meeting. (The PowerPoint presentation is attached to the original minutes stored in the Executive Unit.)

Mr. Osiecki responded to questions from the Board Directors. Ms. Addison requested that Board staff share an analysis, in aggregate, relative to a range of budgeted amounts, whereby provider agencies only billed so much towards their identified budgeted amount. Mr. Osiecki reported that this analysis will be provided through the Board's Great Office Solution Helper (GOSH) billing analysis. Mr. Erskine Cade inquired about the rationale to bring the number of provider agencies in Cuyahoga County in alignment with various counties of similar comparison. Dr. Fowler reported that we need efficiencies within our system due to forthcoming obligations that will need to be funded by the Board, thus the provider network will need to be optimized. After a lengthy discussion regarding the CY2024 funding process, Dr. Fowler stated that the Board should continue funding all CY2023 provider agencies for CY2024; and do research during this time to generate data to help achieve some of the goals discussed for CY2025.

Motion that the ADAMHS Board's CY2024 funding process include extending contracts, refining current, in addition to the development of outcomes; and the issuance of an RFP for unmet needs. MOTION: H. Snider / SECOND: G. Boehm / AYES: B. Addison, A. Bhardwaj, R. Blue, G. Boehm, E. Cade, P. James-Stewart, K. Kern-Pilch, S. Killpack, H. Snider / NAYS: B. 13. CHIEF EXECUTIVE OFFICER'S REPORT

Mr. Osiecki shared information regarding the following items of discussion:

- **SFY24/25 Budget Sub. House Bill (HB) 33 Update:**
 - The House passed Substitute HB 33 that made several changes to the introduced budget by the Governor. This bill is now under consideration by the Senate.
 - They made one devastating change to the 336-421 continuum of care line item that if passed would severely reduce allocations to the ADAMHS Boards from nearly \$72 million to \$61 million – that is \$11 million or a 15% reduction from the SFY23 base allocation.
 - This cut would be detrimental to critical community mental health and addiction services throughout the state.
 - Mr. Osiecki has been very active with OACBHA trying to add additional funding to the 421-line item.
 - Mr. Osiecki has been in contact with and speaking with Senator Dolan, who is the Chair of the Senate Finance Committee. He has agreed to sponsor and introduce an amendment to the budget to restore funding in the OhioMHAS Continuum of Care line 336-421 to at least \$71,989,846 in each year of the biennium, not including the set asides and earmarks, to ensure that ADAMH Boards throughout the state continue to receive base allocations that are the same as were provided in SFY22/23.
 - Mr. Osiecki will be presenting testimony, along with Ms. Cheri Walter, Chief Executive Officer of OACBHA, and other Board Executives, to the Senate Finance Committee in the near future.
 - Mr. Osiecki's testimony includes the 421-line item.
 - Adding funding to OhioMHAS to ensure continuation of state hospital operations at current capacity levels and allow for planned expansion of necessary bed capacity in the amount of 80 new beds.
 - Adding \$143 million for the Ohio Department of Medicaid to raise community behavioral health service rates to help stabilize and strengthen the behavioral health workforce that would allow for a 20% rate increase for community behavioral health services.

- **Opioid Safety Conference:**

- Ms. Zietlow-DeJesus and Mr. Osiecki served as session moderators during MetroHealth's Opioid Safety Conference, which transpired on Monday, May 1, 2023.
- Mr. Osiecki moderated Novel Patient Support Programs
- Ms. Zietlow-DeJesus moderated Harm Reduction Outreach

- **OhioMHAS CAP Update:**
 - The ADAMHS Board's 2023-2025 CAP was approved by OhioMHAS.
 - We expect to have the final document to share within the next couple of weeks.
 - Originally, OhioMHAS told Board staff that the Plan was approved, but that some of the optional information that we wanted to include was incomplete.
 - Board staff discovered that in fact, all the information was included in our submission and there were just formatting issues with their document template.
 - The Board's submission was complete and correct.
 - OhioMHAS is making adjustments to the formatting of the report based on those template issues and will provide us with the final copy soon.

- **Sponsorships:**
 - On Sunday, May 21, Richanda Jackson-Birks, CIT Training Officer, took materials and spoke at the Remove the Stigma's Bowling to Remove the Stigma Event in Maple Heights.
 - Mr. Osiecki provided a reminder of the sponsorships that will be forthcoming:
 - June:

- **What is Infant and Early Childhood Mental Health (IECMH)?**
- **Key Developmental Competencies from Birth-3 years**
 - Early brain development
 - Early relational health and infant/toddler-parent attachment
- **What are Quality Services for IECMH**
- **Return on Investment**
 - For children and families
 - For society

2

WHAT IS INFANT AND EARLY CHILDHOOD MENTAL HEALTH?

- **Infant mental health (IMH)** is “the optimal social, emotional, and cognitive well-being of children ages 0-3, developed by secure and stable relationships with nurturing caregivers.” (Alliance for the Advancement of Infant Mental Health, 2016)

<https://www.allianceaimh.org/>

3

WHAT IS INFANT AND EARLY CHILDHOOD MENTAL HEALTH?

- **Infant and early childhood mental health (IECMH)** is “the developing capacity of the child from birth to 5 years old to form close and secure adult and peer relationships; experience, manage and express a full range of emotions; and explore the environment and learn--all within the context of family, culture, and community.” (Zero to Three, 2018)

<https://www.zerotothree.org/>

4

EARLY RELATIONAL HEALTH

- **Early Relational Health (ERH)** rests on the premise that “healthy and positive child development emerges best in the context of nurturing, warm, and responsive early parent/caregiver child relationships, when children are surrounded by safe communities with strong trust and social connectedness”

5

KEY DEVELOPMENTAL COMPETENCIES

6

BRAIN DEVELOPMENT DURING INFANCY AND TODDLERHOOD

- Massive neural connections every second
 - As of 2017, 1 million is new estimate!
- Early experiences affect **brain architecture**
- “Plasticity” of the brain is greatest early in life

INFANT MENTAL HEALTH AND DEVELOPMENT IS DYADIC

10

SECURE ATTACHMENT

- **Secure attachment** = results from safe, supportive, nurturing relationships
- **Young children with a secure attachment tend to:**
 - Cry less and can be soothed more easily
 - Are more friendly and cooperative
 - Learn better/more easily through play/exploration
 - Feel happier and less sad or scared
 - Make friends more easily
 - Are more ready for school
 - Have less mental health problems later in life
 - Show more positive, supportive parenting to their own children

QUALITY SERVICES

12

Infant and Early Childhood Mental Health The foundation of all future development

Everyone who touches the life of a child can promote social and emotional well-being

Social and emotional development, or **infant and early childhood mental health**, is the developing capacity of a child from birth to 5 years old to...

Form close and secure **adult and peer relationships...**

Experience, manage and express a **full range of emotions...**

Explore the environment and learn...

...all in the context of family, community, and culture.

QUALITY SERVICES ARE:

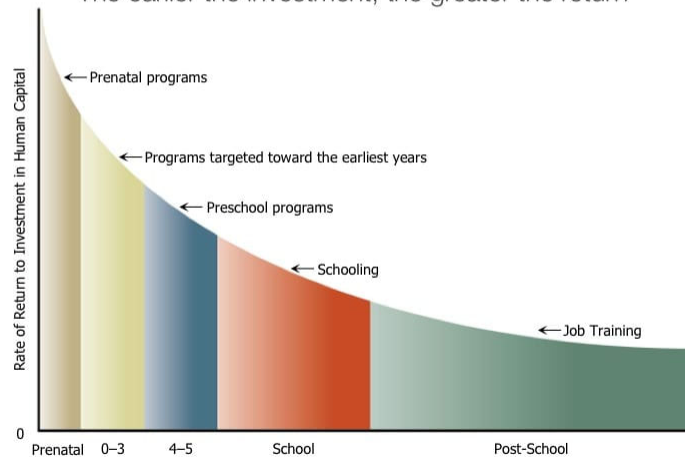

- *Evidence-Informed/Based
- *Relational, Contextual
- *Cross-Sector
- *Culturally Aware
- *Trauma-Informed
- *Along a Continuum

1. Promotion
2. Prevention
3. Assessment & Diagnosis
4. Intervention

13

EARLY CHILDHOOD DEVELOPMENT IS A SMART INVESTMENT

The earlier the investment, the greater the return

Source: James Heckman, Nobel Laureate in Economics

14

TAKE HOMES!

- We have **decades of robust and convincing research** to guide our policies and practices
- We must **invest in the EARLIEST YEARS** for the greatest returns on human potential *and* resources/money
- We must **invest in a continuum of services** across a wide range of maternal-young child serving sectors
- We must also **invest in developing this workforce** to provide these necessary services
- All services should strive to be **compassionate and trauma-informed**

15

EXTRA SLIDES

16

COMMON IMH REFERRALS

The infant/toddler	The parent	The relationship
Premature, failing to gain weight	Complains about parenting (excessive)	Minimal or no eye contact
Unresponsive, listless	Refers to child in negative or distorted ways	Lack of communication
Regulation problems	Verbalizes punitive reactions or threats	Lack of shared affect or enjoyment
Unable to be comforted	Demonstrates little knowledge	Avoiding physical contact
Suspected delay or disability	Mental health symptoms; Trauma	Disinterested; Apathy
Sensory processing	Lack of confidence; helplessness	
Aggression	Aggression	
Unusual social interactions	Unwilling to care for child; abandoning or neglectful	

17

WHY DIAGNOSE INFANTS AND YOUNG CHILDREN?

- Use shared language among professionals and families
- Guide treatment
- Provide services
- Determine the need for additional services
- Be able to link child's presentation to research to describe course and treatment options
- Seek authorization/reimbursement

18

DIAGNOSIS IN INFANTS AND YOUNG CHILDREN

- Diagnostic Classification of Mental Health and Developmental Disorders of Infancy and Early Childhood (2016; Zero to Three National Center for Infants, Toddlers, and Families)
 - “disorders”/disturbances from birth to 5 years of age
 - Much more developmentally-based than DSM-5
 - Strong emphasis on role of parent-child relationship (part of every diagnostic conceptualization) and the psychosocial context of the child

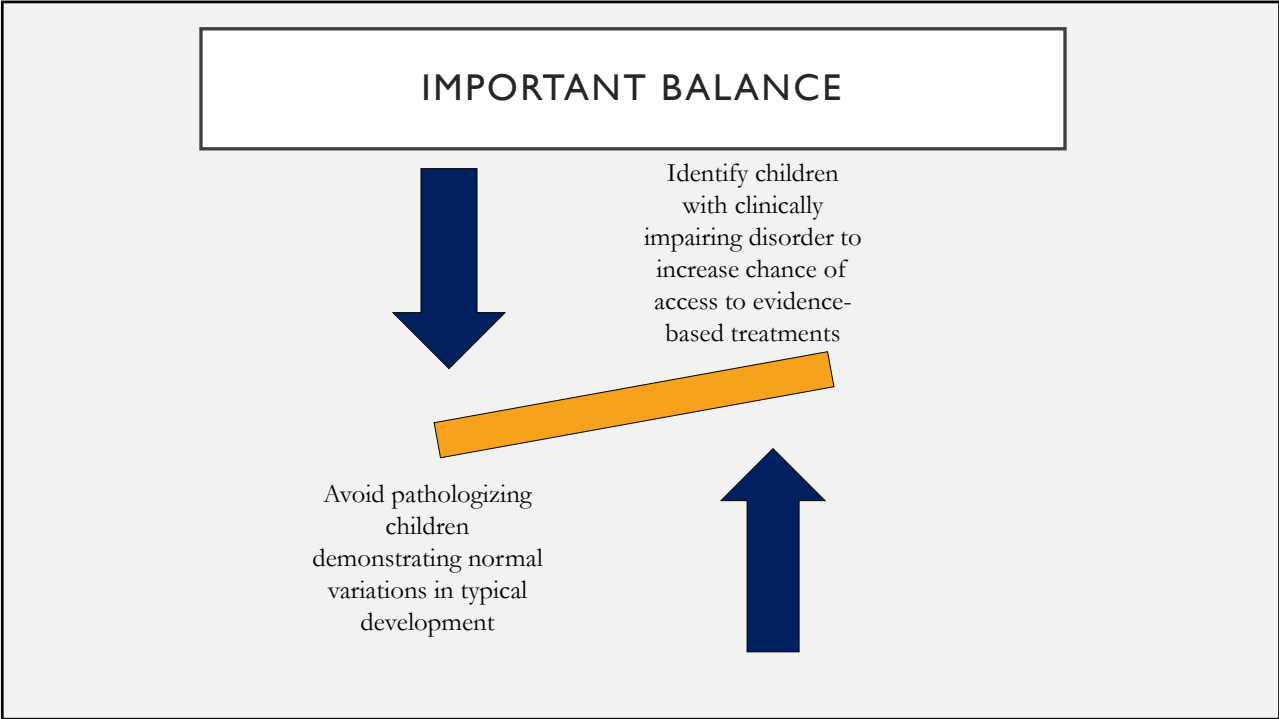

19

DEVELOPMENT OF THE DIAGNOSTIC CLASSIFICATION IN INFANCY AND YOUNG CHILDREN

- AXIS I: CLINICAL DISORDERS**
- Neurodevelopmental Disorders
 - Sensory Processing Disorders
 - Anxiety Disorders
 - Mood Disorders
 - Obsessive Compulsive and Related Disorders
 - Sleep, Eating, and Crying Disorders
 - Trauma, Stress, and Deprivation Disorders
 - Relationship Disorders

22

AXIS II: RELATIONAL CONTEXT

- Part A: Caregiver-Infant/Young Child Relationship Adaptation
 - Level 1: Well-adapted to Good-enough Relationship
 - Level 2: Strained to Concerning Relationship
 - Level 3: Compromised to Disturbed Relationship
 - Level 4: Disordered to Dangerous Relationship
 - Dx of Relationship Specific Disorder on Axis I corresponds to Level 3 or 4 here, but Level 3 or 4 here does not necessarily imply an Axis I Relationship Disorder

23

AXIS II: RELATIONAL CONTEXT

- Part B: Caregiving Environment and Infant/Young Child Adaptation
 - Level 1: Well-adapted to Good-enough Caregiving Environment
 - Level 2: Strained to Concerning Caregiving Environment
 - Level 3: Compromised to Disturbed Caregiving Environment
 - Level 4: Disordered to Dangerous Caregiving Environment

24

RECOMMENDATIONS & CHALLENGES

- State mental health and Medicaid agencies should recognize disorders from DC: 0-5 as eligible behavioral health conditions and reimburse accordingly
 - **MOST STATES DON'T**
- If states don't, then IECMH leaders and agency officials should use the crosswalk to facilitate reimbursement for services
- Policymakers and state IMH associations should advocate for language in state Medicaid/health plans to support the use of DC: 0-5 and crosswalks
- Policymakers and state IMH associations should provide information to Medicaid staff and other mental health leaders to improve knowledge of IECMH and DC: 0-5

Workforce Initiative Overview

ADAMHS Board General Meeting
June 28, 2023

1

The National Center for Health Workforce Analysis shows that in the U.S.:

In 2017, there were approximately:

- 33,650 adult psychiatrists
- 8,090 child and adolescent psychiatrists
- 10,450 nurse practitioners
- 1,550 physician assistants
- 91,440 psychologists
- 239,410 social workers
- 53,080 marriage and family therapists
- 91,340 addiction counselors
- 140,760 mental health counselors
- 116,080 school counselors

By 2030, these changes are projected:

- 3% **increase** in demand for adult psychiatrists (to 39,550)
- 1% **decrease** in demand for child & adolescent psychiatrists (to 9,190)
- 15% **increase** in demand for nurse practitioners (to 12,050)
- 8% **increase** in demand for physician assistants (to 1,670)
- 5% **increase** in demand for psychologists (to 95,600)
- 12% **increase** in demand for social workers (to 268,750)
- 9% **increase** in demand for marriage & family therapists (to 57,970)
- 15% **increase** in demand for addiction counselors (to 105,410)
- 13% **increase** in demand for mental health counselors (to 158,850)

4

Strategic Plan Goal: Strengthening Behavioral Health Workforce

Attract and retain the most motivated and competent professionals in behavioral health to fill staffing needs for the Board and our providers.

Strategy 5.1 Strengthen the Talent Recruitment Pipeline

5

5

Action: Establish partnerships with local universities and health systems to introduce behavioral health career opportunities to students in middle school through college.

- **Serve as Mental Health Industry Intermediary for the Greater Cleveland Career Consortium**
- **Serve as Community Preceptor for Capstone graduate student projects related to behavioral health in partnership with local universities**
- Develop relationships with university recruitment and admissions staff in advance of state education initiatives
- Partner with Educational Service Center (ESC) of Northeast Ohio on workforce efforts in school districts
- Outreach at Student Career Fairs
- Early Childhood Behavioral Health Workforce Development Committee

6

Strategic Plan Goal: Strengthening Behavioral Health Workforce

Attract and retain the most motivated and competent professionals in behavioral health to fill staffing needs for the Board and our providers.

Strategy 5.2 Diverse Recruitment and Retention Strategies

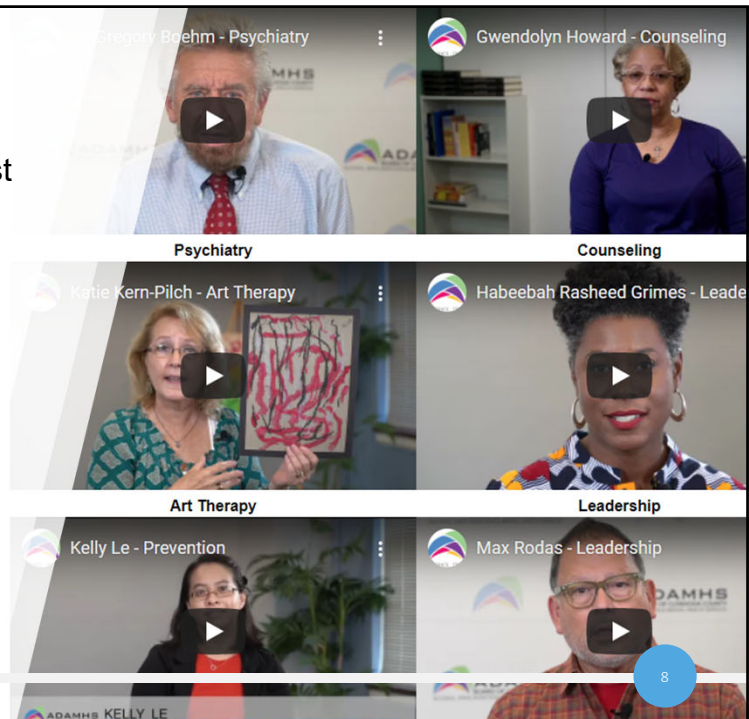

7

7

Action: Communicate importance of behavioral health in everyday life to attract interest in working in the behavioral health system.

- Video project: 21 short vignettes + 10-minute features for elementary, middle, high school ages

Action: Communicate importance of behavioral health in everyday life to attract interest in working in the behavioral health system.

• **Diversity, Equity and Inclusion (DEI) projects:**

- Translation of materials into Spanish, Arabic, Mandarin Chinese, Russian and Ukrainian
- Provider network job description review to identify bias and improve equitable hiring
- Board staff demographics chart
- Recruitment for minority candidates infographic
- DEI Assessment of ADAMHS Board recruiting, onboarding and Human Resources practices
- Add demographics, staff retention metrics to data collection

Strategic Plan Goal: Strengthening Behavioral Health Workforce

Other activities:

- **Expand Workforce Survey**
- **Explore digital technologies that impact workforce and workflow**

Just-announced State initiatives

Ohio's Great Minds Fellowship (\$78.5M)

- At Ohio's two and four-year colleges and universities, the Ohio Great Minds Fellowship will be available to students who are within two years of graduating with degrees or certificates in Social Work, Marriage and Family Therapy, Mental Health Counseling, Psychiatric/Mental Health Nursing, and Substance Abuse/Addiction Counseling.
 - Tuition assistance, paid internships, licensure costs and certification preparation
 - Recruitment and retention bonuses
 - Supervision support for host providers

Ohio's Wellness Workforce Welcome Back Campaign (\$5M)

- Focuses on people who are already licensed or credentialed in the behavioral health field who have been away from the workforce but would like to return.

Ohio's Behavioral Health Workforce Technical Assistance Center (\$1.5M)

- Includes providing people pursuing careers in behavioral health in Ohio with assistance in accessing and navigating state and federal loan repayment and tuition assistance programs; serves as a professional development resource center for those entering and advancing careers in the behavioral health field.

Topic: Returning Home Cuyahoga Housing Pilot Program and Shelter Jail Diversion Services

Contractual Parties: Emerald Development and Economic Network, Inc. – \$306,883.53
FrontLine Service – \$240,953.79

Term: July 1, 2023 – June 30, 2024

Funding Source(s): Cuyahoga County Corrections Planning Board Targeted Community Alternative to Prison (T-CAP) Funds

Amount: \$547,837.32 (ADAMHS Board to serve as fiscal agent)

New Program **Continuing Program** **Expanding Program** **Other** _____

Service Description:

- The purpose of the funding is to provide appropriate housing through EDEN, Inc.'s scattered site housing and wraparound supportive services through FrontLine Service.
 - The Corrections Planning Board has funded this program from January 1, 2020.
- EDEN, Inc. will provide rental assistance and start-up costs to purchase furniture and other housing needs.
- Services to be provided by Frontline include case management, shelter diversion, peer support and care coordination.
- FrontLine Service staff will work closely with EDEN, MHDD Court Docket staff and the Probation MHDD Unit.
- The ADAMHS Board is serving as the fiscal agent for the Corrections Planning Board (CPB) with CPB monitoring the program.

Background Information:

- This Pilot program will utilize a “Housing First” model combined with comprehensive wraparound services to provide a venue for chronically homeless MHDD offenders to obtain permanent supportive housing within the community. The target population often experiences periods of significant incarceration and hospitalizations.
- This Pilot program will not only assist the MHDD Court in better understanding the housing needs of the MHDD population, but it will also encourage the local housing community to work with criminal justice agencies to provide reliable stable housing that reduces recycling and recidivism—a significant goal of

the Cuyahoga County Stepping Up Taskforce. This program, once fully operational, will reduce the existing incarcerated population within the Cuyahoga County jail.

Number of Individuals to be served:

- EDEN, Inc.
 - Up to 15 MHDD Offenders annually for housing
- FrontLine Service
 - Up to 15 MHDD Offenders annually for housing
 - Up to 100 MHDD Offenders annually for shelter diversion

Funding Use:

- Provide housing and wraparound supportive services to MHDD defendants who experience chronic homelessness.

Client & System Impact:

- This proposed Pilot Program is anticipated to help achieve long-term stable housing for the MHDD Offender Population through wraparound community-based services. This combination should reduce the number MHDD offenders’ cycling and recycling through the justice system. The Pilot program will have an immediate impact on the number of MHDD offenders held in the County jail due to homelessness. This jail population historically has been one of the most expensive to maintain in a correctional setting.

Topic: Infant and Early Childhood Mental Health (IECMH) Workforce System Capacity Building Planning Project

Contractual Parties: Educational Service Center (ESC) of Northeast Ohio (fiscal agent)

Term: July 1, 2023 – December 31, 2023

Funding Source(s): ADAMHS Board

Amount: \$5,000

- New Program**
 Continuing Program
 Expanding Program
 Other Consultant

Service Description:

- The Cuyahoga County IECMH Funders Task Force issued a Request For Proposals (RFP) and selected Kirkland Consulting to identify a comprehensive range of options that public and private funders could collectively pursue to alleviate the constraint of insufficient capacity to meet the growing need for IECMH services in Cuyahoga.
- Members of the IECMH Funders Task Force, including the ADAMHS Board are sharing costs and collaborating on this project.
- *The proposal from Kirkland Consulting is included.*

Background Information:

- While the demand/need for behavioral health services outstrips the capacity of behavioral health professionals in our local community for nearly every client population segment, the situation is particularly dire for IECMH.
- These services, which are not typically reimbursed by Medicaid or commercial insurance for children ages 0-3 (because billable diagnostic codes are not available for all/most services provided to this age group and because providers are sometimes reluctant to offer a formal diagnosis for a very young child) are typically delivered by staff who work at community behavioral health organizations and not typically by providers in private practices.
- IECMH services are largely delivered in the home, versus in a provider’s office. Unlike other categories of behavioral health care that focus on treating an individual, IECMH therapies and interventions are dyadic in nature, addressing the relationship between parent/caregiver and child and their patterns of interaction.
- Provided services are often preventative in nature and are initiated when children display behavior that could, if untreated, lead to more severe behavioral health challenges in the future.

- The current capacity of the IECMH provider workforce in Cuyahoga County is insufficient to meet the current need for IECMH services, which was substantial before the pandemic and has become more acute following the pandemic's peak. Families and agencies report long wait times for services, and agencies report that they are challenged to hire and retain staff to deliver IECMH services.
- Challenges to hiring new staff include the fact that the candidate pool does not often have IECMH experience (and, reportedly, no local universities offer a degree track or specialization in IECMH) and the low number of individuals entering the field due to low pay vis a vis the educational investment needed to gain the required credentials and licensing (a master's degree is required).
- Challenges to retention include low pay, productivity demands, and staff safety concerns related to the need to deliver services in homes and in neighborhoods plagued by crime and poverty – all of which lead to staff burnout. Exacerbating both recruitment and retention challenges is the fact that community-based behavioral health agencies face stiff competition for labor from organizations that can pay more competitive wages (e.g., hospitals and managed care organizations). All of these dynamics have created a situation where the demand/need for IECMH services in Cuyahoga County significantly exceeds supply.
- The Funders Task Force developed an RFP for collective impact in expanding and strengthening the availability of IECMH services, conducted a selection process, and approved Kirkland Consulting.

Number of Individuals to be served:

Ms. Jennifer Dodd
Assistant Superintendent, ESC of Northeast Ohio

Dear Ms. Dodd,

Thank you for the opportunity to share the enclosed proposal. I understand that the Cuyahoga County Infant and Early Childhood Mental Health Funders Task Force (“Task Force”) is in search of strategies to address the growing need for IECMH services in Cuyahoga County. You hope to identify a comprehensive set of solutions that will expand and strengthen the availability of early childhood mental health services in the county, including a plan that will increase the current and future number of licensed IECMH professionals.

You have outlined a defined scope and workplan in the RFP. Below you will find Kirtland Consulting’s recommended approach. Please note that this proposal is valid for 30 days. If more than 30 days have lapsed, contact Kirtland Consulting for further discussion.

I look forward to the potential to further the conversation with you further.

Regards,

Statement of Consultant Experience

Caroline Taich, and Kirtland Consulting more broadly, has a broad portfolio of consulting experience spanning strategy, healthcare, Cuyahoga County, and workforce development.

CCWFG 2018-2020 Caroline Taich, President of Kirtland Consulting, served as project manager, facilitator and strategy consultant for the Cuyahoga County Workforce Funders Group design and implementation of strategies to close the talent supply-demand gap in healthcare, manufacturing, and information technology. Throughout this 26-month project that spanned 4 sequential engagements, Caroline developed and facilitated ~10 action teams; conducted & synthesized interviews with healthcare executives to understand the local workforce landscape and prioritize solutions; and designed and facilitated public procurement processes to recruit 3 Sector Partnership Intermediaries for 3 sector partnerships. Deliverables included 3 operational sector partnerships and a better understanding of Job Seeker needs.

Ohio Association of Community Colleges 2022- ongoing Kirtland Consulting serves as the strategy consultant for the Ohio Association of Community Colleges and its work to build an abundant, diverse workforce in advanced manufacturing. In this role Caroline convenes a Steering Committee of representatives that include OACC leadership, Ohio Community College Presidents, Jobs Ohio, the Ohio Manufacturing Association, and others. Together we are quantifying the target for the number of workers needed in the next 3-5 years; identifying the necessary strategies for growth across the education & workforce ecosystem; and sizing the financial investment needed for collective impact. All levers are on the table, including:

- K-12 pipeline development to create awareness of career pathways;
- Mechanisms to strengthen school capacity including faculty recruitment, employer partnerships, innovative curriculum, and credentialing approaches;
- Enhanced opportunities for stronger network collaboration including fundraising, advocacy, storytelling, and technical assistance.

Greater Cleveland Partnership Strategic Planning Consultant 2021-ongoing Caroline serves as the strategy consultant for GCP, a leading chamber of commerce. In this role she has facilitated the design of a strategic plan focused on building the core tenants of a thriving economy in Northeast Ohio, including Abundant Talent. In her ongoing role to support the implementation of the strategy, Caroline designs and executes top team alignments sessions, an online data platform, and Learning Workshops to align on strategies, outcomes, and goals.

Towards Employment Strategic Planning Consultant 2021-22 Caroline served as the strategy consultant for Towards Employment across 2 separate engagements, first to design the strategy and second to support its implementation. Caroline partnered to facilitate the design of a strategic plan with a Racial Equity lens. Through research and interviews that included workforce system leaders & workers with lived experience, the team built a plan focused on service and innovation for workers with barriers in Northeast Ohio. The team benefited from participation in a Future of Work learning journey with national experts. Through top team strategy sessions, we aligned on our strategies, outcomes, and goals.

Scope of Work

The goals for the Task Force are to alleviate the constraint of insufficient capacity to meet the growing need for IECMH services in Cuyahoga County.

Caroline’s approach to strategic planning is to guide the strategy team through a series of discussions, buttressed with relevant data, that reveal insight into future growth. She learned strategy and the power of a hypothesis-driven approach across a 12-year career at McKinsey & Company. As an independent consultant she has been further influenced by leading thinkers including David La Piana and his book “The Nonprofit Strategy Revolution”; Stephen Coley and his book “The Alchemy of Growth”; Mario Morino and his book “Leap of Reason.”

Our work together will require careful planning and facilitation. This will include the development of a project workplan, meeting agendas and re-cap summaries, codified insights, interview guides, and facilitation guides. These behind-the-scenes documents are in service toward creating our pillars and strategies.

Here is a more detailed view of the likely work we will undertake together:

Activity	Description	2023 Timing
Kickoff	<ul style="list-style-type: none"> ● Schedule regular check-ins to review process and progress ● Select & invite Leadership Team participants ● Gather and assess available data: e.g., workforce supply and demand data (e.g., from Team NEO Lightcast IPEDS), financial, historical strategy, as well as national & local trends 	Late July
Foundation, Vision & Big Questions	<ul style="list-style-type: none"> ● Task Force Workshop #1 (~3 hours). Align on Foundation, Vision, and Big Questions. ● Complement Task Force insights with a market scan for best practices, citing sources such as SAMHSA and peers ● Develop interview strategy for up to 57 people. Invite participation from Task Force members 	August
Develop Strategies	<ul style="list-style-type: none"> ● Continue interviews ● Develop draft strategies with Leadership Team and key partners ● Task Force Workshop #2 (~3 hours). Reflect on Big Questions, market scan and interviews, and review strategies together ● Synthesize themes & insights 	September-October

Make the Plan	<ul style="list-style-type: none"> ● Work with Task Force Leadership Team on preliminary assessment of impact vs. cost ● Test assumptions with key partners ● Task Force Workshop #3 (~3 hours). Review the strategies and implications. Prioritize opportunities ● Deep Analysis of highest priority strategies. Begin with a “Top Down” cost estimate, and complement with a “Bottoms Up” cost estimate (as needed) with key partners ● Synthesize themes & insights 	October- November
Approve the plan	<ul style="list-style-type: none"> ● Partner with Task Force Leadership Team to develop recommendations on timing, resources, partners, and cost estimates ● Task Force Workshop #4 (~2 hours). Approve strategic plan 	December- January
Check-in	<ul style="list-style-type: none"> ● Check-in to review progress against the plan 	June 2024

Developing a strategic plan is a partnership, and you get out of it what you put into it. We have learned that successful planning efforts require the following commitment from you:

1. Quality interaction. This will include both formal and informal touch points between Task Force Leadership and our consulting team, and participation in the development of insights. This interaction helps us mitigate any risks to project success, the greatest of which are typically insufficient communication and alignment on deliverables
2. Team participation in problem solving, and at times data gathering
3. Leadership support where feasible across each of the proposed steps, including (but not limited to) in the recruitment of interviewees
4. Access to Task Force market and internal data
5. Access to meeting space at Task Force, if available, to conduct meetings

Project deliverable: Final report with options identified and results of the deep analysis.

Familiarity with Behavioral Health as a Field and in Ohio and Cuyahoga

We care deeply about workforce development and the region of Northeast Ohio and have committed much of Kirtland Consulting to unlocking the potential of our region. We were so proud of the work with the CCWFG that we commissioned artwork (below) to celebrate that engagement, a labor of love.

Primary research conducted by Kirtland Consulting into the healthcare sector in Cuyahoga County was eye-opening. Interviews with local healthcare executives revealed the following example insights:

Cuyahoga County has a significant healthcare talent challenge

- Talent is cited as a key challenge and a top priority in all organizations interviewed
- Healthcare leaders have difficulty recruiting and retaining skilled and unskilled positions. Turnover rates vary significantly, at 25% at the low end to greater than 50%
- Leaders report that Northeast Ohio produces fewer healthcare graduates and candidates than open jobs overall
- There are a number of pilots underway to address the talent gap, often with mixed results
- The drivers behind the talent challenge are multi-faceted

Kirtland Consulting has participated in strategy work for behavioral health in Northeast Ohio. For example, one engagement explored behavioral health opportunities and challenges. Interviews with local Mental Health Review Board leaders pointed towards an overwhelming strain on the system (“Almost every county can name access issues”) as well as a variety of factors driving demand. At the time, largest spend areas included depression, anxiety and opiate treatment, residential treatment for alcohol, crisis/stabilization psychiatric services, medication assisted treatment & detox, case management, outpatient care.

Cost Proposal

Professional Fees will be \$60,000, including consultant time, tools, and expertise. Total hours for this project are estimated to be 200-240 across 6 months.

Category	Estimated Fee Breakdown
Facilitation, including 4 workshops	\$32,000
Internal /External Interviews & Insights	\$18,000
Market Scan & Deep Analysis	\$10,000

An initial payment of \$30,000 (50%) will initiate the project and secure consultant availability. The balance will be divided equally across two payments, October 30, 2023, and January 30, 2024.

If additional scope is needed beyond this proposal, Kirtland Consulting’s hourly fee is \$275.

To Whom It May Concern:

I would like to take this opportunity to recommend Caroline Taich of Kirtland Consulting, LLC as an outstanding strategic planning consultant. Caroline recently completed a one-year comprehensive strategic planning consultation with Towards Employment, a workforce development agency that provides participants with a continuum of services to help them enter and succeed in long-term employment while creating a talent pipeline for local Northeast Ohio businesses.

Using her understanding of the local workforce ecosystem to inform the process, Caroline helped our leadership team align around a set of priority strategies after synthesizing input from our board, staff, clients (current and former) and external partners. She worked collaboratively with the leadership team to deliver a strategic plan in a timely fashion, was incredibly responsive and was able to quickly adapt to changes in the process when necessary. She created a simple visual deliverable that leadership can reference both internally and with external community partners. Perhaps most importantly, Caroline ensured that racial equity was at the core of our process and willingly sought input from experts when and as needed.

Caroline was a pleasure to work with and easily adapted her style to work individually with each member of the leadership team to support their development of tactical plans for implementation in each of their priority areas. Please feel free to contact me should you have any questions or wish to discuss Caroline's qualifications further. I can be reached at (216) 696-5750 or via email at jrizika@towardsemployment.org.

Sincerely,

Jill Rizika
Executive Director

Topic: Whole Child Matters (WCM) Early Childhood Mental Health

Contractual Parties: Starting Point

Term: July 1, 2023 to June 30, 2024

Funding Source(s): OhioMHAS State Funding

Amount: \$441,906

- New Program** **Continuing Program** **Expanding Program** **Other** _____

Service Description:

- The Whole Child Matters (WCM) Initiative is an effort to promote healthy social and emotional development and school readiness among children ages eight (8) and younger through the Ohio Department of Mental Health and Addiction Services (OhioMHAS).
- Starting Point is the centralized regional coordinating agency for WCM referrals and data collection for Cuyahoga, Lorain, and Summit Counties and will act as the intermediary fiscal agent for the current Cuyahoga WCM service provider agencies: Bellefaire JCB, OhioGuidestone and Positive Education Program (PEP).
- WCM services include consultation, training and on-site interventions and child/family-focused help to parents, teachers and staff to increase access to Early Childhood Mental Health (ECMH) services by reducing expulsions and increasing retention in early learning settings using the ECMH Family Focused Consultation model to build social emotional competency to promote resiliency.
- Services are provided to local home visiting programs, pediatric offices, and early learning environments, like pre-schools, in high-risk communities. The grant also includes trainings to build capacity and promote professional development regarding early childhood mental health.

Background Information:

- The ADAMHS Board of Cuyahoga County was requested to apply on behalf of several partners to OhioMHAS for the Whole Child Matters ECMH Grant in 2015. OhioMHAS has continued funding of this program for SFY24 and awarded funding to the ADAMHS Board in the amount of \$441,906.00 for the period July 1, 2023 through June 30, 2024.
- Starting Point was founded in 1990 as the Child Care Resource Center of Cuyahoga County and is now the designated child care resource and referral agency for Ashtabula, Cuyahoga, Geauga and Lake and the centralized coordinating agency for Whole Child Matters referrals and data collection for Cuyahoga, Lorain, and Summit Counties.

Number of Individuals to be served:

- Serve approximately 600 children and families during the contract period.
- Provide approximately 100 consultation trainings to early childhood professionals.

Funding Use:

- Funds will be used for pooled funds for technical assistance and services, and administrative costs including programmatic oversight, data collection, fiscal oversight, and financial processing.

Client & System Impact:

- Increased parent education and training relative to early childhood development
- Improved teacher/child interaction through strategies to build resiliency skills
- Improved parent/child interaction through strategies to build parent-child relationship
- Improved behaviors that impact a child's ability to achieve developmental milestones
- Increased and sustain workforce development through statewide and regional trainings

Service Description:

- Ohio Department of Mental Health and Addiction Services (OhioMHAS) has allocated a salaried position for the Ohio School Wellness Initiative called School Behavioral Health and Wellness Coordinator (SBHWC) in the amount of \$55,000 per hire.
- Cuyahoga County has been approved for two (2) hires, resulting in a total allocation of \$110,000.
- The SBHWC will provide systematic approaches to support behavioral health promotion, prevention, early identification, intervention, referral processes, and guided support services for K-12 students who are exhibiting a range of substance use, mental and behavioral health risk factors.
- The positions also provide resources, online training, and guidance related to processes within the schools and with continuous improvement strategies for services to students.

Background Information:

- The Ohio School Wellness Initiative (OSWI) was designed to explore, implement, and sustain a full continuum of care including prevention, early intervention, and treatment practices for K-12 students within local districts who adopt student assistance programs (SAP), multi-tiered systems of support, and staff wellness frameworks.
- The cornerstone of the OSWI is the development of an Ohio Model SAP that can serve as a best practice standard for Ohio's K-12 schools.

Number of Individuals to be Served:

- In CY2024, services will be provided to Euclid City School District and serve approximately 500 students and staff through coordination and linkage to behavioral health services, resources and trainings.

Funding Use:

- Funds will support the hire of two full-time School Behavioral Health & Wellness Coordinators to benefit school-age children attending Euclid City School District.

Client & System Impact:

- Provide systematic approaches to support behavioral health promotion, prevention, early identification, intervention, referral processes, and guided support services for K-12 students who are exhibiting a range of substance use, mental and behavioral health risk factors.
- Provide resources, online training, and guidance related to school board policy, staff development, program awareness, internal referral process, problem-solving team and case management, direct services to students, cooperation and collaboration, integration with other school-based programs, program evaluation, and continuous improvement strategies.

Topic: System of Care Treatment & Recovery Services for Youth (System of Care)

Contractual Parties: Catholic Charities
OhioGuidestone

Term: July 1, 2023 – June 30, 2024

Funding Source(s): Ohio Department of Mental Health and Addiction Services (OhioMHAS)

Amount: \$215,796 – Total
\$ 88,296 – Catholic Charities
\$127,500 – OhioGuidestone

- New Program** **Continuing Program** **Expanding Program** **Other**

Service Description:

- Catholic Charities’ Ohio Department of Youth Services (ODYS) Diversion and Reentry program provides intensive clinical counseling and case management services for youth ages 14 to 21 who are either detained or diverted. All clients receive assessment, care coordination, drug screening, and an individualized re-entry and/or relapse prevention plan. Additionally, licensed staff work with the client to identify and engage their family/caregiver in services to assist with adherence to parole or diversion requirements. The program also provides clients with linkage to psychiatric services and resources related to employment/career development, education, and housing.
- OhioGuidestone’s Transitional Age Community Treatment (TACT) program is designed to provide interdisciplinary support for youth ages 16 to 25 with persistent behavioral symptoms and complex needs who reside within the community or are transitioning from out-of-home placements like hospitals, residential treatment, or juvenile correctional facilities. TACT works to reduce symptoms and progress toward stability and independence through providing employment/vocation, SUD, and peer support services.

Background Information:

- The System of Care Program is a collaborative effort between the Ohio Department of Mental Health and Addiction Services (OhioMHAS) and the Ohio Department of Youth Services (ODYS) to provide care coordination and linkage for youth and young-adults ages 14 to 25 re-entering the community from juvenile correctional institutions or other out-of-home placements.

Number of Individuals to be served:

- Approximately 25 clients will be served by Catholic Charities, and 50 clients by OhioGuidestone.

Funding Use:

- To fund Catholic Charities and OhioGuidestone for the provision of behavioral health services, care coordination and linkage for clients re-entering the community from out of home placements.

Client & System Impact:

- Reduce behavioral symptoms in effort to progress toward stability and independence.
- Prevent homelessness.
- Avoid or eliminate court involvement.
- Prevent or reduce admissions to out-of-home placements.

Women's Recovery Center-LCADA Way Women's Treatment Services

Number to be Served: 100 Women

Program Description: Women's Recovery Center provides services that address the unique and complex needs for alcohol and other drug treatment for women and their families. The Women's Recovery Center operates a morning and evening three phase Intensive Outpatient program to address the comprehensive recovery needs for women and families. Effective in September 2017, a third treatment curriculum was made available for women with afternoon hours and on-site childcare. The treatment curriculum is a minimum of 17 weeks and is comprised of Phase One - Intensive Outpatient. Phase Two is Relapse Prevention and Phase Three is Aftercare.

Women face barriers in seeking treatment services. This project specifically addresses the combination of addiction and safe and stable housing as well as components to treat medically indigent women. The Women's Recovery Center maintains a Memorandum of Understanding with the Domestic Violence and Child Advocacy Center to provide safe and emergency housing for women. The West Side Catholic Shelter provides shelter for women that are homeless. Both housing options work with clients for housing stabilization.

Having collaborated with Case Western Reserve University's School of Social, for five years to determine that women's long-term recovery is predicated on healthy and effective elements for and social connections for recovery. - The Forensic Monitor serves as the liaison between the entities involved in client care including the Conditional Release Unit (CRU), the Cuyahoga County Common Pleas Court and Northcoast Behavioral Healthcare (NBH).
- The Forensic Monitor role was formally created in 1996 as a result of House Bill 152 and became further defined with the enactment of Senate Bill 285, which became effective in 1997.
- The Forensic Monitor assesses client compliance with their individualized Conditional Release Plans, reporting updates to the courts and coordinating stabilization as needed.

Background Information:

- Conditional Release must be granted by the Judge giving the NGRI offender permission to live in the community under specific conditions, while being monitored by the Forensic Monitor and receiving intensive behavioral health services from the CRU.
- Forensic Monitoring consists of intensive community support, referral/linkage to ancillary support as well as facilitation of reports and updates to the courts and OhioMHAS.
- The Forensic Monitor and Conditional Release Unit transitioned from Recovery Resources to Murtis Taylor in May 2023.
- Murtis Taylor is the primary provider for Conditional Release Services including the Forensic Monitor and CRU in Cuyahoga County.

Number of Individuals to be Served:

- Murtis Taylor’s Forensic Monitor will monitor between 110 -125 clients in SFY 24. These clients will receive intensive community services via the CRU Team.

Funding Use:

- To provide Forensic Monitoring services for Cuyahoga clients determined NGRI and granted Conditional Release.

Client & System Impact:

- Clients determined NGRI will be monitored in the community (least restrictive setting) and receive ongoing intensive behavioral health services.

Metrics <i>(How will goals be measured)</i>	At least 50% of Conditional Release clients (being monitored by the Forensic Monitor) in the community will have no increased risk to self and community safety as evidenced by maintaining CR status.
Evaluation/ Outcome Data <i>(Actual data from program)</i>	Between July 1, 2022 – May 31, 2023, 114 clients were monitored on Conditional Release having been found Not Guilty by Reason of Insanity. There were 8 revocations of Conditional Release status during this period.

Recommendation to Board of Directors from Board Staff and/or from Board Committee(s):

- To accept the amount of \$130,562 from the Ohio Department of Mental Health and Addiction Services (OhioMHAS) for Forensic Monitoring for the time period July 1, 2023 through June 30, 2024 and to enter into a contract with Murtis Taylor Human Services System.
- Approved by the Planning & Oversight Committee on June 14, 2023.
- Approved by the Finance & Operations Committee on June 21, 2023.

Topic: Problem Gambling Treatment and Prevention - Casino Grant

Contractual Parties: Recovery Resources

Term: July 1, 2023, to June 30, 2024

Funding Source(s): Ohio Department of Mental Health & Addiction Services (OhioMHAS)

Amount: \$415,215

- New Program** **Continuing Program** **Expanding Program** **Other**

Service Description:

Funding from the Ohio Department of Mental Health & Addiction Services (OhioMHAS) is to support the continued growth and expansion of prevention and treatment services for problem and pathological gamblers in Cuyahoga County. This is accomplished in the following manner:

- Web based learning and educational opportunities for professionals, including probation officers, behavioral health and physical healthcare providers.
- Online screening tools to identify problem gambling behavior.
- Community awareness and engagement through coalition efforts, including the Problem Gambling Speakers Bureau, Problem Gambling Awareness Month and the Problem Gambling Symposium.
- Gambling prevention services to college and universities, Asian communities, youth and Substance Use Disorder (SUD) clients.
- Review applications and workbook for the Voluntary Exclusion Program (VEP) applicants.

Background Information:

- Since 2013, the ADAMHS Board has received funding from OhioMHAS and the former Ohio Department of Alcohol & Drug Addiction Services (ADAS) to provide support to Cuyahoga County in addressing problem gambling and other addictions.
- Also, since 2013, Recovery Resources has been the sole provider of these services, as they are certified to provide gambling prevention and treatment services for this target population.
- On March 1, 2020, Ohio started a new Casino/Racino Voluntary Exclusion Program (VEP). Individuals who have been signed up for the program for 1 year or 5 years may request removal from VEP. They are required to fill out an application and complete a workbook that educates them on responsible gambling behaviors and strategies. The individual must meet with a clinician who is qualified to treat clients with a Gambling disorder.

Number of Individuals to be Served:

- Approximately 18,000 individuals will be served in Fiscal Year 2024.

Funding Use:

- Funding will be utilized for the provision of gambling treatment and prevention services.
- For the Voluntary Exclusion program, the ADAMHS Board will reimburse the agency a flat fee of \$100 per applicant out of the Problem Gambling Allocation fund.

Client & System Impact:

- Increased capacity of professionals to identify and respond to problem gambling.
- Increased identification of behavioral health problems through online screening tools.
- Increased identification of problem gamblers and linkage to treatment.
- Increased community awareness on the issue of problem gambling.

<p>Metrics <i>(How will goals be measured)</i></p>	<p>For Fiscal Year 2024, Recovery Resources projected to serve <u>20,500 individuals</u> through the Problem Gambling Treatment and Prevention Program, as measured by the following:</p> <ul style="list-style-type: none">• <u>2,200 professionals</u> will be provided with information and respond to problem gambling.• <u>14,300 individuals</u> will be provided with gambling information by means of media outreach.• <u>2,200 individuals</u> will be engaged in gambling screens either online or as a function of behavioral health assessments.• <u>1300 individuals</u> will be engaged through gambling coalition meetings and events.• <u>85% of the projected 500 individuals</u> that participate in presentations will be able to identify risks associated with gambling

Topic: Community Needs Assessment

Contractual Parties: RAMA Consulting

Term: September 1, 2023 through December 31, 2024

Funding Source(s): ADAMHS Board

Amount: \$113,207

- New Program** **Continuing Program** **Expanding Program** **Other data/evaluation**

Service Description:

- RAMA Consulting will conduct a Community Needs Assessment to inform funding and program priorities for the ADAMHS Board. The Community Needs Assessment will include a review of existing and publicly available data to assess county demographic trends, service usage statistics, state and federal policy influences, benchmarking data, etc.; stakeholder interviews, surveys and focus groups; working groups; and a final report presented to the ADAMHS Board of Directors.
- *See the included proposal for additional details.*

Background Information:

- The ADAMHS Board conducts a Community Needs Assessment every three to five years, to ensure the local public system for mental health, addiction and recovery services continues to adapt to ever-changing and high-intensity demands, and that constrained resources are allocated appropriately. The assessments assist the Board in identifying areas of greatest need for client services for planning, funding, evaluating, and advocacy purposes.
- The Ohio Department of Mental Health and Addiction Services (OhioMHAS), as well as general evaluation standards, suggest that local Boards conduct a thorough Needs Assessment approximately every five years.
- The last ADAMHS Board Community Needs Assessment was completed on May 15, 2020, using data collected primarily from 2019. Staff requests a Needs Assessment based primarily on 2023 data, to provide the most up-to-date insights on emerging trends and continuing needs.

Number of Individuals to be served:

- N/A

Funding Use:

- Funds will be used to engage RAMA Consulting to conduct a comprehensive Needs Assessment.

Client & System Impact:

- A comprehensive Needs Assessment can impact the Board’s current and potential clients.

Metrics <i>(How will goals be measured)</i>	<ul style="list-style-type: none">• Deliverables specified in the included proposal.

- Approved by the Finance & Operations Committee on June 21, 2023.

ADAMHS BOARD OF CUYAHOGA COUNTY

2024 Community Needs Assessment

Initial Approach Outline

The ADAMHS Board of Cuyahoga County (ADAMHSCC) will be conducting a community needs assessment, to identify the emerging needs for mental health and substance use disorder treatment and recovery support services in Cuyahoga County. RAMA Consulting proposes an approach to this assessment process that is fully informed by the lived experiences of the community and provides ADAMHSCC with actionable information and recommendations for future priorities and service enhancements.

Project Kickoff (November 2023)

- Confirm project goals and timelines.
- Conduct stakeholder analysis and Identify learning questions.

LEARNING PHASE (January – April 2024)

- **Existing Data Collection**
 - Utilize publicly available data as well as ADAMHSCC/partner data to assess county demographic trends, service usage statistics, state and federal policy influences, benchmarking data, etc.
- **Systems-Level Stakeholders**
 - **Key Informant Interviews (up to 10)**
 - 1:1 interviews with systems-level stakeholders such as ADAMHSCC Board members, County officials; selected partners, BH Workforce Development Taskforce, etc.
- **ADAMHSCC Service Recipients**
 - **Consumer Survey (1)**
 - Survey will be targeted to ADAMHSCC service recipients and family members to gather information regarding experiences and unmet needs.
 - Respondents will be entered into a drawing to win a gift card
 - **Consumer Focus Groups (10)**
 - Focus groups with current ADAMHSCC recipients will be targeted to specific demographics (i.e. youth, LGBT, people of color, etc.) to provide further insight into the experiences of marginalized groups. The demographics will be identified during stakeholder analysis during the kickoff meeting.
 - Focus group participants will be provided a gift card as recognition of their time.
- **ADAMHSCC Providers**
 - **Provider Survey (1)**
 - One survey will be targeted to ADAMHSCC providers (leadership and line staff) to understand service trends, gaps, and opportunities for improvements.

- **Provider Focus Groups (5)**
 - Focus groups with representatives from provider agencies to gather further insight into current system strengths, weaknesses, and upcoming needs and opportunities.
- **General Cuyahoga County Community**
 - **Community Survey (1)**
 - This survey will capture data from individuals who do not currently use ADAMHSCC services to identify community perceptions about mental health and addiction services, potential barriers to accessing services, and community priorities.
 - RAMA will work to promote the survey through broad channels such as social media, paid ads, community organizations, etc.
 - Respondents will be entered into a drawing to win a gift card to encourage broad participation.
- The Learning Phase will conclude with a **Key Themes Report** synthesizing the data and identifying key themes to be further explored during the Assessment Phase.

ASSESSMENT PHASE (April – June 2024)

- **Community Needs Assessment Workgroup**
 - RAMA will convene a workgroup of 12-15 key stakeholders to provide feedback on the assessment process and help develop recommendations based on the data analysis.
 - The Workgroup will meet three times between April and June 2024.
 - The Workgroup should include representation of service providers and consumers.
- **Stakeholder Summit (May 2024)**
 - RAMA will host a day-long Stakeholder Summit, comprised of systems-level stakeholders, service providers, and consumers.
 - Summit participants will work to develop recommendations, priorities, and opportunities for synergy based on the data and themes identified during the learning phase.
 - The Assessment Workgroup will review the results of the summit to identify final priorities and recommendations.

DOCUMENTATION PHASE (July 2024)

- **Final Report**
 - RAMA will develop an action-oriented report and accompanying presentation, for both internal and external stakeholders.
 - RAMA will facilitate a final presentation to the Board to review process and recommendations.

- In October 2022, this Board approved funding for NORA to operate a crisis center and hotline from 5 PM to 1 AM, Mental Health First Aid training and public awareness campaign related to the crisis continuum of care.

Background Information:

- In November 2020, FEMA funded Ohio’s Crisis Counseling Assistance and Training Program (**CCP**) Regular Services Program (**RSP**) to address the COVID-19 disaster. The CCP RSP program provided resources for Ohioans impacted by COVID including those with physical, intellectual/cognitive, and mental health issues and/ or substance use disorders.
- At this time, Ohio’s constituents with physical, intellectual/cognitive, and mental health issues and/ or substance use disorders are still in need of targeted outreach and referral services due to the difficulties associated with COVID-19. Persons within this population are expected to continue to need ongoing services throughout the next year.
- OhioMHAS has now provided SOR 2.0 funding to the original ADAMHS Board CPP/RSP partners to develop or continue CCP RSP projects.
- Programs are to employ paraprofessionals. Staff are expected to be trained in the Mental Health First Aid model.
- Outcome measures, data collection processes, forms and training are being provided by OhioMHAS.

Term: July 1, 2023 – December 31, 2023

Funding Sources: ADAMHS Board Funding

Amount: \$200 per hearing

New Program **Continuing Program** **Expanding Program** **Other** _____

Service Description:

- The ADAMHS Board will be adding Attorney Mark DeFranco as a contract attorney to increase the pool of attorneys to represent the ADAMHS Board at civil commitment hearings at \$200 per hearing.
- For CY2023, this Board approved contracts with Attorneys Ronald Balbier, Steve Canfil, Paul Friedman, Scott Friedman, and Ted Friedman to represent the ADAMHS Board at civil commitment hearings at \$100 per hearing.
 - Attorney Steve Canfil is no longer a contract attorney with the ADAMHS Board as he is pursuing other opportunities.
- In order to be more competitive, this Board increased the compensation for the Attorneys to represent the ADAMHS Board at civil commitment hearings to \$200 from \$100 per hearing in May 2023.
- Attorneys will still be compensated \$100 per motion, and \$100 per hour for additional services, so long as additional services receive prior approval from the ADAMHS Board.
 - Attorney Paul Friedman files motions on behalf of the ADAMHS Board.

Background Information

- By law (Ohio Revised Code 5122), the ADAMHS Board is required to ensure that persons temporarily detained for involuntary hospitalization actually meet the legal criteria for civil commitment.
- Probate court shall refer to ADAMHS Boards an affidavit to assist the court in determining whether persons temporarily detained for involuntary hospitalization are subject to court-ordered treatment and whether alternatives to hospitalization are available.

- Attorneys represent the ADAMHS Board at civil commitment hearings to ensure that persons subject to court-ordered treatment have due process.

Topic: Amendment to Resolution 22-07-02, Mobile Response Stabilization Services (MRSS) Funding For Non-Medicaid Youth

Contractual Parties: Bellefaire Jewish Children’s Bureau

Term: July 1, 2022 – June 30, 2023

Funding Source(s): Aetna Better Health of Ohio through the Ohio Department of Medicaid (ODM) Ohio Department of Mental Health and Addiction Services (OhioMHAS)

Amount: \$30,000 (Increase)

- New Program** **Continuing Program** **Expanding Program** **Other** _____

Service Description:

- The Ohio Department of Medicaid has allocated this funding for non-Medicaid eligible youth receiving MRSS Services. A review of utilized funds will take place mid-year, at which time additional allocations may be made.
- The statewide MRSS model is a 24/7 crisis service where a team of two providers responds in person within sixty minutes for youth up to age 21. The crisis is defined by the youth and/or family according to the MRSS model. MRSS can provide up to four to six weeks of in-home de-escalation and stabilization with the MRSS team working within the family system to create safety plans, teach skills, provide peer support and link to ongoing services to prevent future crises and reduce the need for out-of-home treatment.
- The Bellefaire JCB’s MRSS team provides services to Cuyahoga County daily (7 days a week) between the hours of 9AM-5PM. Bellefaire anticipates the MRSS program will expand hours and staffing patterns to provide services 24/7.
- Their team consists of licensed supervisor clinicians, licensed therapists, Qualified Mental Health Specialists (QMHS), certified peer supporter and has access to psychiatry services.
- OhioMHAS approved additional funding for non-Medicaid youth of \$30,000.

Background Information:

- ODM selected Aetna Better Health of Ohio to implement the Ohio Resilience through Integrated Systems and Excellence program (OhioRISE), serving as the specialized managed care organization for the state’s children with the most complex behavioral health needs.
- MRSS is an evidenced based and trauma informed statewide service, included in OhioRISE coverage by July 1 of 2022. It will have a statewide, centralized call center to triage and dispatch calls to local certified MRSS providers.

- MRSS teams are comprised of licensed supervisors, licensed therapists, certified peer supporters and has access to a nurse practitioner or psychiatrist.

Number of Individuals to be served:

- MRSS anticipates serving 500 families in the first year of operation. It is unknown how many of those served will be ineligible for Medicaid. For this reason, Aetna will do a utilization review mid-year to adjust allocations as needed.

Funding Use:

- Funds will pay for MRSS services for non-Medicaid eligible youth and any other MRSS-related operations that are not covered by Medicaid.

Client & System Impact:

- Provide de-escalation and stabilization for families experiencing a self-defined crisis that occurs within the home or community environment.
- Provide a systematic, trauma informed, evidenced based model to support children and families in crisis.
- Provide diversion from system involvement with DCFS and Juvenile Justice.
- Reduce the need for out-of-home treatment for crisis stabilization.

Topic: Amendment to Resolution No. 22-11-08, Workforce Development and Transportation Program

Contractual Parties: New Directions, Inc. (A Crossroads Health Organization)

Term: January 1, 2023 to December 31, 2023

Funding Source(s): ADAMHS Board Funds

Amount: \$8,500 (\$4,500 Workforce Development; \$4,000 Transportation)

- New Program** **Continuing Program** **Expanding Program** **Other** _____

Service Description:

- New Directions approached the ADAMHS Board to request funding for the one-time support of workforce development. New Directions completed the Therapeutic Crisis Intervention (TCI) Training introduced by the ADAMHS Board. Due to staffing shortages and agency costs surrounding the implementation of TCI training, New Directions is requesting one-time funding to cover costs.
- New Directions is also asking for funding to cover Transportation costs that were not anticipated during the budget setting process for 2023. These costs are related to ensuring that youth are attending required appointments. The costs include the actual transportation to appointments as well as personnel costs to accompany the youth to their appointments.

Background Information:

- New Directions is an adolescent substance abuse treatment facility offering integrated services for recovery and mental health. They are committed to being the innovative leader for trauma-informed, personalized care and recovery support. Their core values are commitment to clients, belonging, collaboration, excellence, empathy, tenacity, and integrity.
- Their program philosophy views substance use disorders as a primary issue. Many clients struggle simultaneously with mental health concerns and substance use so treatment involves an integrated approach in which both disorders are addressed simultaneously.

Number of Individuals to be served:

- 23 clinical staff completed TCI training in February and March 2023.
- 12 clients were provided with transportation to medical appointments, and it is anticipated that an additional 12 clients will need transportation to medical appointments throughout the remainder of the year.

Funding Use:

- Funding will be used to cover one-time costs related to workforce development and costs related to transportation of youth to required appointments.

Client & System Impact:

- Engage and train staff in Therapeutic Crisis Intervention (TCI), an evidenced based de-escalation model.
- Provide clients with transportation to necessary medical appointments as needed.

Metrics <i>(How will goals be measured)</i>	<ul style="list-style-type: none">• 100% of clients will be provided with transportation to and from necessary medical appointments.• 100% of staff will complete TCI training.
