About Us

In existence in Cleveland since 1949, Salvation Army Harbor Light has been a beacon of hope and help, providing services to the most disenfranchised and underserved members of society, including unhoused people, those with substance use disorders, and individuals with problematic legal histories.

Salvation Army Harbor Light Treatment Services are certified by the Commission on Accreditation of Rehabilitation Facilities (CARF) and the Ohio Mental Health and Addiction Services Department (OMHAS), and we collaborate with the Cuyahoga County Alcohol, Drug Addiction, and Mental Health Services Board (ADAMHS) to provide quality services.

Who We Are

The Salvation Army Mission Statement

The Salvation Army, an international movement, is an evangelical part of the Universal Christian church. Its message is based on the Bible. Its ministry is motivated by the love of God. Its mission is to preach the gospel of Jesus Christ and meet human needs in His name without discrimination.

Sub-Acute Detoxification

Withdrawal Management offers short-term residential care (ASAM 3.7) with medical staff on-site 24/7. The Sub-Acute medical treatment facilitates safe withdrawal from opioids (including Suboxone), alcohol, and/or benzodiazepines. Detoxification usually lasts 3-7 days, with Suboxone treatment lasting longer. While receiving medical care, each individual works with a counselor to determine the next steps in recovery, such as residential treatment, medication-assisted treatment (MAT), outpatient services, community recovery supports, or a combination of services. Clients who have completed medical detox are able to remain in Harbor Light Interim Housing (ASAM 3.1) while arranging for further treatment. **Individuals who do not require detox (for example, using cocaine or methamphetamine) can be admitted directly to the 3.1 level of care.** Counselors assist clients with linkage to services. **Cigarette smoking is permitted at scheduled times in designated areas.**

Main entrance on East 18th Street

Intensive Outpatient Program (IOP)

The Intensive Outpatient Program (ASAM 2.1) is a comprehensive day treatment program based on the stages of change model. Services are provided to adults in early recovery by skilled chemical dependency counselors.

The IOP process starts with a Screening, completed either over the phone or in person, to collect basic information regarding the client's substance use history and demographic information. If the individual is eligible for services, an assessment will be scheduled to determine the client's needs and appropriate level of care. The assessment/intake usually last about two hours.

"For the first time, I felt like I had found someone I could trust." – 2023 IOP Participant about their counselor

IOP Schedule

Group therapy consists of 18 sessions over a six-week period. Harbor Light offers morning and afternoon sessions (8-11:00 AM or 1-4:00 PM) on Tuesdays, Wednesdays, and Thursdays.

Attendance at community support meetings (AA/NA, Smart Recovery, faith-based groups) is required twice weekly for successful completion of IOP. Once weekly Aftercare groups (ASAM 1.0) are provided following completion of IOP as a relapse prevention support.

IOP Group Topics

Intensive Outpatient group sessions focus of the following topics:

- The Brain and Addiction
- Stages of Change
- Thinking Errors
- Cognitive Behavioral Interventions
- Community Recovery Supports
- Relapse Prevention Strategies

Cost of Services

Salvation Army accepts Medicaid but not private insurance. We are committed to providing quality services regardless of your ability to pay.

There is never any cost to you!
